TO HIS EXCELLENCY GEORGE WILLIAM FREDERICK,

*Poor Law Commission Office,
Dublin, March 31st, 1863.*

MAY IT PLEASE YOUR EXCELLENCY,

We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, submit to your Excellency this our Sixteenth Annual Report of our proceedings, under the Acts in force for the Relief of the Poor in Ireland.

1. We submit, in the first place, a Summary of Weekly Returns of the Persons relieved in the Workhouse and out of the Workhouse for 52 Weeks, from the Week ended 1st March, 1862, to the Week ended 21st February, 1863, both inclusive.

The law of relief having been altered by an Act passed in the last Session of Parliament, it became necessary to alter in some degree the forms of Weekly Return. This alteration took place in October, 1862; a portion, therefore, of the Weekly Returns has been tabulated as in previous Annual Reports, and the succeeding portion differently; and the latter will show the extent to which some of the changes made in the law of relief have operated up to the present time.

2. By the Act 25 & 26 Vic., cap. 83, several important changes were made in the law of relief, in accordance with the tendency of public opinion in Ireland, which, for many years past, has been in favour of a more liberal administration of relief. These changes, however, have been made within limits which previous, as well as subsequent experience, so far as it has yet gone, have shown to be safe.

3. In the first place, the class of persons—poor, though not destitute—which previously possessed the privilege of admission to the Workhouse Fever Hospitals, when suffering from dangerous contagious disease, under 6 & 7 Vic., cap. 92, are now legally admissible to the Workhouse Infirmary when suffering from accident, or illness not of a contagious character. By this provision, treatment in Hospital, which was formerly afforded only in thirty-two County Infirmarys, is now legally available in 163 Workhouse Infirmarys in addition to the county institutions; the latter having been always too few and far between to benefit more than a very small proportion of the population of the county when requiring Medical treatment in Hospital. Thus, the last link has been supplied in the connexion between the Poor Law and the older system of Medical Charities in Ireland.

The County Infirmarys, which were established in the middle of the last century, were subsequently found difficult of access to a large part of the population; and to remedy this in some degree Dispensaries were established for the administration of medical relief to extern patients, which was thus extended to some of the more remote parts of each county. This Dispensary system was

children, in order to secure for them the best substitute for that maternal care and solicitude of which the loss of their mothers has deprived them, and for which it is difficult, if not impossible, to provide a substitute in the Workhouses. The operation of this section has not at present made any serious addition to the out-door relief lists; the whole numbers of this class of children out at nurse in the third week of February being only seventy-seven.

6. The 10th section of the 10th Vic., cap. 31, commonly called the Quarter Acre Clause, has been repealed, and there is now no class of persons in Ireland to whom relief is denied by law when actually destitute. The occupiers, however, of more than a quarter of an acre of land can be relieved, by the Guardians, only in the Workhouse; but the provisional powers of the Relieving Officer will enable him, in any case of sudden and urgent necessity, and in which removal to the Workhouse may be impracticable, to afford provisional relief out of the Workhouse until such removal can be safely effected. By this important alteration we believe the Irish Poor Law has been rendered sufficiently effective for the preservation of life in all extreme cases of privation or sickness, if duly administered.

7. We have explained in previous Reports the difficulties encountered by us in some Unions, in giving effect to that construction of the law by which Boards of Guardians have been required to register foundling children, the religion of whose parents was unknown, as being of the religion of the State—that is to say, Protestants of the Established Church; although the Poor Law Acts expressly prohibit the education of a child in any religious creed different from that of its parents, when known; and although in the Unions in which the difficulty referred to has occurred, the population has been, in a very large proportion, Roman Catholic.

We were anxious, in order to meet these difficulties, to give the privilege which would belong to the parent, if known, to the person last having lawful possession of the child before its admission to the Workhouse, as standing at that point of time in the nearest and most intimate relation to the child; but this course Parliament did not adopt, and as to the children of unknown parents admitted into the Workhouse without previous baptism, the difficulty remains precisely as it was; but children baptized before admission are now to be registered as orphans would be—that is to say, of the religion of the godfathers or godmothers. This state of the law will no doubt cause, in some cases, delay in presenting the child for admission, in order to have it first baptized, and, so far, is not *in favorem vite*.

8. The other alterations of the law enacted in the 25 & 26 Vic., cap. 83, relate chiefly to the making and collecting of the rates, the qualification of Guardians and the exercise of the privilege of voting in the election of Guardians, and need not be further alluded to here.

9. The General Order regulating the proceedings in the election

of Guardians has been carefully amended, so as to meet the altered state of the law, and will be found in the Appendix.*

12. Upon a similar series of statistics contained in our last annual Report, we there observed how rapid and continuous had been the decline of pauperism in Ireland between the year 1850–51, and the year 1858–59; and how, on the other hand, between the year 1858–59 and 1860–61, there had been an increase of 16·8 per cent. in the average daily number relieved, and of 24·9 per cent. in the annual expenditure; the higher per centage of the latter being due, for the most part, to a rise in the cost of Workhouse maintenance. We also spoke of a further very considerable increase in the expenditure of the then current year as already being a matter of certainty, from the returns of pauperism received for the first twenty-five weeks of the year. The increase now actually ascertained to have taken place, as apparent from a comparison of the last two years in the above series is, in the average daily number of paupers, 22 per cent., and in the annual expenditure, 12 per cent., or an actual amount of £62,020. The per centage of increase between 1858–59, the most favourable year since the famine, and the year 1861–62, is 42 in average daily pauperism, and 40 in annual expenditure.

13. The following is a series of the out-door and in-door weekly relief returns for twenty-five weeks from the close of the year 1861–62, ended 29th September last, and the present time in comparison with the same for the four preceding years.

From these returns it may be again safely predicted that a further considerable increase in the average daily number of recipients of relief will be shown at the conclusion of the present year. There will not, however, it is apprehended, be much increase in the expenditure of this year, compared with that of the last, the cost of Workhouse maintenance being now less by 2*d.* per head per week than it was last year, thus compensating nearly for the difference in the number relieved.

14. Comparing the last year with the present in other respects, and keeping in view the condition of the indigent classes only, as distinguished from the lowest of the farming class, we have, during the present season, the advantages of much greater cheapness of food, abundance of fuel instead of great scarcity, and notwithstanding the stormy and wet weather in December and January, there has been, on the whole, a season free from any severe degree of cold, and the spring, so far as it has proceeded, has been unusually mild and fine. The favourable influence of these circumstances on the condition of the labouring poor is already observable in the progressive decline in the number in the Workhouses, the maximum number appearing to have been reached on the 14th February, 1863, or three weeks sooner than in 1862, and having since decreased from 66,976 to 64,619.

The sanitary condition also of the Workhouse inmates, has been as good, if not better, than last year; and there have been much fewer cases of alleged death from want of the necessities of life.

Eight inquiries, in comparison with twenty in the same space of time last year, have been instituted, and not one has resulted in showing death by starvation.

Great security exists now in Ireland against the occurrence of such casualties, which are not likely to happen except through default of the parties themselves, in any season when food and fuel are cheap and abundant.

15. The following Table exhibits a classification of the causes of death in the Workhouses from the 15th February last, to the latest return made previously to the date of this Report.

It may be well to observe that these Tables, which have been given each year for several years past, were not constructed with any design to classify completely the causes of all deaths occurring in Workhouses, and that the specified causes have been limited to such only as concerned more directly the general sanitary state of the inmates, and, indirectly, the population at large.

16. On a review of the statistics of pauperism for the last five years, we trust there is ground for expecting that the unfavourable series will close with the present year, and that we are now at the commencement of a series like that which occurred from the year 1854-55 to the year 1858-59.

There is one useful effect of the recent reverse which will probably survive its duration, and be permanently established in the minds of the ex-officio and elected Guardians of the Poor in Ireland. We allude to the strong disposition shown during the series of favourable years to shut up Workhouses or to devote them to public uses, for which they were not intended by the Legislature, as barracks, reformatories, and lunatic asylums. We have a respite at length from the task of combating these propositions, which have sometimes found favour in very influential quarters, and we trust that after the lesson taught by the reverses of the last three years, they will never be revived. During that time the Workhouses of Ireland have not only served most opportunely and most beneficently in the alleviation of misery and the preservation of life, but must be regarded as having saved the country from a disastrous degree of financial loss in relief operations, accompanied by much social demoralization. Henceforth it will surely be thought that Workhouses, when empty or nearly so, are to be regarded with satisfaction, rather than with a feeling of discontent, and are no more to be parted with in a season of prosperity than fortifications in a time of peace.

17. A great tendency to insubordination, long unknown, almost, to the Workhouses of Ireland, has of late years shown itself from time to time, and occasionally assumed a very aggravated form. This has been more especially the case in the Workhouse of the South Dublin Union, where repeated attempts have been made to set fire to the premises, and these attempts have sometimes been attended by violent resistance to the officers, and by riot and tumult.

Very recently the exhibition of a similar spirit in other large

Workhouses, as Cork, Waterford, and Clonmel, gives an aspect of more than usual importance to the subject, and makes it necessary to consider what causes have been in any degree operative in producing such effects.

18. The irksomeness of life in a Workhouse to persons of adult or nearly adult age, and not incapacitated from labour by physical infirmity or temporary sickness, is chiefly caused by two circumstances;—the personal restraint and entire submission to authority, which are necessarily incidental to this mode of relief; and secondly, the absence of that stimulus to exertion, resulting in cheerful labour, and in contentment of mind while resting from it, which can alone be communicated to the labouring man, by allowing him to enjoy the fruits of his own labour, and to dispose of them in the way most pleasing to himself. The effect of this feeling of irksomeness on the minds of the adult, or nearly adult classes, is to create a wholesome desire to change the scene and go elsewhere; and to this effect we owe the inestimable advantage that all the better disposed class of adults, and a very large proportion of the less respectable class, prefer when they can obtain it, a life of labour and independence; and that we are enabled to assign so great a proportion of the accommodation in the Workhouse to the sick, the aged and infirm, and the young children. How great and injurious a change would be made in this respect from partly doing away with the feeling of irksomeness, by letting the inmates of Workhouses enjoy the fruits of their own labour, will certainly be seen if at any time the existing regulation which prohibits that arrangement shall be dispensed with.

19. To apply these observations in considering the origin of discontent and insubordination in South Dublin Workhouse, we believe that this spirit first exhibited itself several years ago in the class of young adult females, in consequence of a bitter feeling of disappointment in not being assisted by the Board of Guardians to emigrate, although this hope had been held out to them, and was withdrawn almost at the moment of accomplishment, through circumstances which it is not necessary here to detail. Not long after this event the first convictions took place of several young women for attempting to set fire to the Workhouse, and were followed in several cases by sentences of long terms of penal servitude. This punishment did not deter many others from committing the same offence from time to time. Ultimately a similar bad spirit extended itself to some of the adult males; and the attempts made by some of them to burn the Workhouse were accompanied sometimes by dangerous assaults on the Workhouse officers, and by scenes of tumult. Finally, it may be stated that so large a number as twenty-six males and nineteen females, from South Dublin Workhouse, have, in the course of the last three years, been sentenced for long terms of imprisonment to the convict prisons; and nine of both sexes under sixteen years of age have been sent to the reformatories.

It is satisfactory to state, that during all this time the due relief of the destitute or sick poor within the walls of this large Workhouse has been conducted with great efficiency; and that the

mutinous spirit shown by very small classes of inmates has interfered scarcely at all with the due management and orderly conduct of the rest of the inmates.

20. In commenting on the crimes lately committed in South Dublin and other Workhouses in Ireland, we should not be justified in omitting reference to the fact, that many of the most serious offences have been committed by persons so anxious for change as to be apparently not unwilling to exchange life in the Workhouse for life even in the prison or reformatory. Not having sufficiently before his eyes the deterring influence of some of the incidents to a long term of imprisonment, the adult evil-disposed inmate of a Workhouse, weary of Workhouse life, has a lively perception of the advantages of change of scene, superior rations, and, more especially, of a system of labour which is not without remuneration, but which he knows may result, by careful conduct, in a proportion of his earnings being given him on his release, having been taught in the meantime some trade, which will raise him above the level of his previous means of life.

Notwithstanding the severity of the sentences which have followed conviction in these cases, many attempts to burn the Workhouses have been made, and more may occur; but as these occurrences have scarcely ever been connected with any complaint of ill-usage, or ground for personal discontent, on the part of individual inmates, or classes of inmates, which could be removed by any

It will be perceived, on examination of this Table, and comparing the numbers of patients relieved in successive years, that although there has been, occasionally, in all the provinces, a decrease in the number of persons seeking Dispensary relief, either those attending at the Dispensaries, or those attended at their homes, or

change in the management of the Workhouses, it is difficult for us to apply or suggest any remedy; nor can the Boards of Guardians do more than guard, as far as possible, against the admission of persons, known to be thus ill-disposed, into the Workhouse.

21. We place in the Appendix* an abstract of the further cases of deportation of paupers from England to Ireland, in continuation of that given in our last Annual Report.

PROCEEDINGS UNDER THE MEDICAL CHARITIES ACT.

We now proceed to submit to your Excellency the Report of our proceedings, under the 14th and 15th Vic., cap. 68, the Medical Charities Act.

22. The following Table presents a summary for each province, and for the whole of Ireland, of the amount of Dispensary relief which has been afforded under this Act for the ten years during which it has been in full operation, the slighter cases prescribed for at the Dispensaries being distinguished from those of a more serious nature, in which the patients have been attended at their own homes.

both; yet that, reviewing the whole period, there has been a considerable increase in both classes of cases, so as to raise the total number of Dispensary cases for the year from 557,033 for 1853, to 660,456 for 1862, and the total number of cases attended on visit-

ing tickets for the year from 133,378 for 1853 to 179,723 for 1862. So large an increase taking place concurrently with a decrease in the population, affords satisfactory evidence of a growing confidence on the part of the sick poor in the system of Dispensary relief under the Medical Charities Act, which an experience of ten years enables us to pronounce to have been signally successful, except in respect to vaccination.

The numbers of cases attended at the Dispensaries and at the patients' homes respectively, in each Dispensary district in Ireland, will be found as usual in the Appendix.*

23. In the next Table we give the annual expenditure for each province, and for all Ireland, under the Medical Charities Act, for the ten years it has been in full operation. For the three last of these years there is included, in addition, the expenditure incurred in carrying out vaccination at the Dispensaries and vaccination stations, under the Act for the further promotion of vaccination, of 1858.

The total expenditure, under the two Acts, for the last year exceeds that of the preceding year by £2,177; nearly three-fourths of the excess has fallen on Ulster and Munster. In the remaining provinces, also, there has been an excess, but one of small amount.

24. The following Table shows the total expenditure for this year under six heads, distinguishing that incurred under the Medical Charities Act from that under the Vaccination Extension Act of 1858.

Expenses under the Medical Charities Act, year ended 29th September, 1862:—

1. Medicines and Medical appliances, ...	£19,710
2. Rent of Dispensary buildings, ...	7,030
3. Books, forms, stationery, printing, and advertising, ...	1,311

Fees to Medical Officers, ...	£3,665
Other expenses, ...	637
	£4,302
	£106,838

* Appendix D, No. 2, page 224.

The increased expenditure for the year ended September 29th, 1862, appears under each of the above six heads, but is of small amount for each, except for the items, medicines and medical appliances, and salaries of Medical Officers and Apothecaries. The increase under the former head, amounting to £1,206, is in part accounted for by the increased number of patients. As regards the salaries, there has been a steady increase in their amount, yearly, since the present Dispensary system was established. Their increase for last year is below the average of former years. There is a small increase under the sixth head in the amount of fees paid to Medical Officers for vaccinations, which seems inconsistent with the fact that the vaccinations have been fewer for the last than for the preceding year. The fees paid, however, are not the measure of the total vaccinations, but of those for the success of which the Medical Officers are able to certify, the subjects being resident in the Medical Officer's district. Occasionally the subjects of vaccination are not resident in the district; the operation fails in a certain proportion of cases; in many cases children are not brought back for inspection, and the Medical Officer cannot certify to the success or otherwise of the operation. No fee is paid in any of these cases; and further, if in any Dispensary District there have been less than twenty vaccinations in the year, the Medical Officer receives no vaccination fee. All these cases, however, appear in the Vaccination Returns.

25. The average poundage on the valuation of Ireland, to provide for the year's total expenditure, was 2·04*d.* in the pound, which is slightly above that for the year before, which was 2·02*d.* in the pound.

26. The following alterations in Dispensary Districts have been effected in the course of the past year. The Castlederg and Killeter District, in the Castlederg Union, the area of which was greatly above average, was altered by separating from it the four Western Electoral Divisions, and constituting from them the Killeter Dispensary District, with a distinct Medical Officer; thus bringing medical aid within easier reach of the sick poor of this portion of the original District. In the Belfast Union the Guardians and Committees of three adjacent Dispensary Districts having represented to us that the sick poor of those Districts suffered great inconvenience from the uneven distribution of their poor population, and from their irregular and straggling form, rendered necessary in this case by the provision of the 6th Section of the Medical Charities Act, which directs, that in the formation of the Dispensary Districts, in no case shall an Electoral Division be divided; we acceded to the request of these bodies to constitute one District out of the three, thus putting in the power of the Committee of the newly-formed District to divide it among the three Medical Officers of the amalgamated Districts who were retained, in such manner as should be most conducive to the interests and convenience of the sick poor, without regard to the boundaries of Electoral Divisions.

In the spring of 1862, having ascertained that an unusual amount of sickness prevailed among the poor of the Islands of Innisboffin and Shark, at some distance from the coast of the Clifden Dispensary District, which comprises them, we called on the Guardians to fix a salary for a Medical Officer, to be temporarily appointed, who should have his residence in one of the Islands, and whose salary, we had been informed by a Committee of the Society of Friends, they were, with their usual benevolence and liberality, prepared to supplement. The Guardians having accordingly fixed a salary, we empowered the Committee to make the appointment. On the termination, however, of the temporary appointment, on consideration of the peculiar circumstances of the Islands, the position of which renders access to them by the boats of the coast, during a considerable portion of the year, dangerous or impossible, thus depriving them, often for long periods, of the benefit of the services of a Medical Officer resident on the mainland, we thought it right to press on the Guardians of the Union the propriety of appointing permanently a second Medical Officer for the Clifden District, with the condition of residence in the Island of Innisboffin. This proposal having been favourably received by the Guardians and Dispensary Committee, an order was issued authorizing the Committee to appoint a second Medical Officer. In the City of Cork Dispensary District, at the request of the Committee of Management, we sanctioned the appointment of a ninth Medical Officer; and in the Western District of the Galway Union, the area of which greatly exceeds the average, and in the eastern extremity of which the residence of the Medical Officer was placed, having ascertained that the sick poor of the Western portion of the District derived little benefit from the Dispensary under the then existing arrangements, we recommended to the Guardians and Dispensary Committee the appointment of a second Medical Officer, to have charge of the Western part of the District, having in view the election to this office, by the Committee, of the Medical Officer of the neighbouring District of Lettermore, whose residence was conveniently near to the western extremity of the western Dispensary District. We succeeded eventually in procuring the adoption of this arrangement, and do not doubt that it will prove materially beneficial to the sick poor of the part of the District affected by the change.

In the Cloonbur Dispensary District of the Oughterard Union, having dismissed the Medical Officer after inquiry, on sworn evidence, into a complaint of neglect of duty, and having repeatedly, but in vain, pressed on the Committee the appointment of another Medical Officer, this body not concurring in our decision, we were under the necessity, in exercise of the power conferred on us by the 8th Section of the Medical Charities Act, to provide against cases of this kind, of making the appointment ourselves. This is the only instance in which we have been obliged to exercise this power since the passing of the Medical Charities Act.

In the Kilfinnane Dispensary District, Kilmallock Union, in which there were two Medical Officers, at the request of the Committee of

Management, we sanctioned the change to one Medical Officer, with the assistance of an Apothecary.

Midwives have been appointed in the course of the year in the Dingle and Clogher Dispensary Districts of the Union of the same name, and in the Castletown District of the Navan Union, and the Finglas and Glasnevin District of the North Dublin Union. In several Dispensary Districts the number of Members of Committees have been increased for the purpose of affording increased facilities to the sick poor for procuring tickets for Medical Relief.

27. A considerable period having elapsed since the issue of a list of Medicines for Dispensary use (in 1852), prepared with a view to the estimates of the Medical Officers, and the requisitions of Committees of Management, for occasional fresh supplies of medicines and medical and surgical appliances; some new remedies having in the interim come into general favour and use, and a number of others, not included in the original list, being frequently applied for in the requisitions sent to the Boards of Guardians, although remedies of similar virtues were to be found in our list, we prepared and issued on the 4th of July an enlarged list of medicines and medical and surgical appliances, containing a considerable number of articles in addition to those contained in the list of 1852. In forwarding this amended list to the Committees, we pointed out that in the event of the Medical Officers occasionally requiring the supply of medicines not contained in this list, they should be called on to make separate estimates and requisitions for such extras, stating at the same time the circumstances which led them to consider the supply of them necessary.

In contracting with druggists for the supply of medicines, the Boards of Guardians generally furnished them with our Dispensary list, requiring them to contract for those medicines only which were contained in it; and in many cases, when the requisition for medicines forwarded by the Dispensary Committees contained articles not appearing in this list, the Guardians complained that these articles, not being supplied under contract, were charged for at extravagant prices. For the purpose of obviating this evil, we prepared a second list of medicines to be used by the Boards of Guardians in contracting with druggists, and including all the medicines, simple and compound, which it was in the least degree probable that the Medical Officers would at any time require.

Copies of both lists will be found in the Appendix.*

28. For a considerable time past we had had under consideration the question as to the advisableness of altering and extending the clause of the Dispensary Regulations, prescribing the professional qualifications to be required of Dispensary Medical Officers. This clause, as at first framed, required on the part of the Medical Officers the possession of qualifications in surgery and midwifery, but did not require a special diploma in medicine, so that we had no assurance that all the Dispensary Medical Officers would bring to the discharge

* Appendix C II., No. 2, page 192.

of their duties any greater acquaintance with purely medical diseases than is necessarily implied in the possession of diplomas or licences in surgery and midwifery.

Having regard, however, to the peculiar position in which the Dispensary Medical Officer is placed, and to the nature of his duties;—that in the great majority of instances there is but one Officer for each District, who is responsible for the treatment of every description of case, and that, in remote, rural, and mountainous Districts, he must rely altogether, in the ordinary performance of his duties, on his own unaided knowledge, in the treatment of every variety of disease, whether purely medical, or surgical, or obstetrical; in the treatment of fevers of various kinds, and often of the gravest character; of compound fractures and dislocations, or strangulated hernia; of cases of protracted or difficult labour, requiring the use of instruments to preserve the life of the mother or child, or both;—we could entertain no doubt as to the necessity of procuring, as far as possible, for the service of the Dispensaries, persons possessing diplomas testifying to their competency in each of the great branches of medical practice. Two difficulties only occurred to us as standing in the way of our requiring immediately the diploma in medicine, in addition to those already required, in future appointments of Dispensary Medical Officers. The first of these arose from the apprehension that it might prove impossible, in the case of remote rural districts, in which the salary is small and the private practice little or none, to find candidates possessed of the triple qualification; an apprehension justified by the occurrence of one such case already, in a late appointment of a second Medical Officer in the Clifden Dispensary District. The second difficulty alluded to above proceeds from the circumstance, that among the many bodies legally authorized to grant diplomas or licences in surgery, some submit the candidates for their diplomas to an examination embracing, in the practical part of it, surgery alone; while others, among which is the Royal College of Surgeons in Ireland, taking a sounder and more enlightened view respecting the extent of purely medical knowledge requisite to constitute a good surgeon, include the practice of medicine both in their curricula of education and in their examinations. Being well aware of the difference in value between these two descriptions of diplomas, we felt great reluctance to deal with them alike; yet we felt that we should be under the necessity, in the event of our requiring in future appointments of Dispensary Medical Officers the possession of strictly medical qualifications, of regarding all these surgical diplomas as being, what on the face of them they purport to be, viz., simply diplomas or licences to practise surgery.

In the consideration of the question respecting the qualification in practice of medicine, it was of importance to bear in mind, that a large proportion of the candidates for appointment as Dispensary Medical Officers in Ireland, present the diploma granted on the examination not including practice of medicine, which affords no guarantee that the holders of it possess any greater knowledge of the treatment of medical diseases than the limited amount that

must be possessed by a person who has successfully undergone a purely surgical examination.

29. While this subject was still under consideration, we received two communications from the King's and Queen's College of Physicians, the object of which was to set forth the arguments which demonstrate the expediency of requiring the possession of diplomas in medicine on the part of Dispensary and Workhouse Medical Officers. Our attention was invited to the circumstance that such a diploma, or passing a special examination in the practice of medicine, is required from their Medical Officers by the Poor Law Board in England, and by the Medical authorities of the Army, Navy, and East India Services, and at the conclusion of their first letter, the College make the following statement:—

"The President and Fellows have lately been strongly impressed with the view now put forward, by the circumstance of several persons who possessed diplomas in surgery only, having come before them for examination in order to obtain a diploma in medicine, in compliance with the regulation of some of the official authorities or Boards above referred to, and being found on examination so deficient in the knowledge of the practice of medicine and of its collateral branches, that the College has been obliged to reject them."

30. Eventually, the above mentioned considerations, together with the arguments of the College of Physicians, determined us to alter the regulation prescribing the professional qualifications of Dispensary Medical Officers, and to require from them for the future that they should possess a diploma in medicine as well as in surgery and midwifery; with the precaution, however, of reserving to ourselves the power of dispensing with the diploma in medicine, in any case where candidates possessing it shall not present themselves.

The correspondence with the King's and Queen's College of Physicians on this subject, and the order prescribing the amended regulation, will be found in the Appendix.*

31. Soon after the publication of this order, the Royal College of Surgeons in Ireland, in addition to their licence in surgery, issued a diploma in medicine; and the Governors and Company of the Apothecaries' Hall in Dublin preferred a claim to have their licence accepted by us as equivalent to a diploma in medicine. On referring, however, to the Law Officers of the Crown the question as to the validity of these documents, we were advised that neither the charters of the College of Surgeons, nor the Act of Parliament of the Apothecaries, authorized the issue by them of diplomas in medicine.

Charities Act, and for the last four years under the same Act, and the Act for the Further Extension of Vaccination, passed in 1858, with the intention of remedying the failure of the former Act:—

33. The four years since the passing of the last Act show a very decided improvement compared with the six years from 1853 to 1858 inclusive. If we omit the year 1856, in which the number of vaccinations was exceptionally high, owing to panic caused by epidemic small-pox, which induced the poor to seek the protection of vaccination for their children in greatly increased numbers, the average vaccinations of the other five years in the table, before the passing of the Vaccination Extension Act, falls considerably short of half the average of the four years since the provisions of that Act became law. Notwithstanding the benefit secured by this Act, however, we are far from thinking the present state of vaccination at the Dispensaries and Vaccination Stations satisfactory. It may be safely asserted that much above 50,000 of the children born annually among the poorer classes in Ireland, are not vaccinated during the first year of their lives, and many not at all. We must, therefore, still feel earnestly anxious to press upon your Excellency, as we have often done before, the necessity for procuring the enactment of compulsory vaccination in Ireland, as it now exists in England.

34. The sanitary state of the country, as indicated by the Dispensary Returns, is not quite in so satisfactory a condition as it was at the date of our last Report. There has been, indeed, a diminution in the number of cases returned by the Dispensary Medical Officers for the year ended September 30th, 1862, compared with the year before, both of scarlatina and small-pox, notwithstanding outbreaks within limited bounds of both diseases during the year; but the cases of fever recorded considerably exceed those of the former year. The numbers of fever cases registered by the Dispensary Medical Officers for the years 1860 (from which year the increase dates), 1861, and 1862, have been respectively 10,822, 12,386, and 19,736. This increase is not greater than might reasonably have been anticipated, as a consequence of three successive bad harvests. Neither this, nor any other disease, has prevailed in an epidemic form through the country during the past year; nor has there been such an increase of fever as to give just grounds for apprehension that it is about to become epidemic.

DEPARTMENTAL ARRANGEMENTS.

35. In our last Annual Report it was stated that we had invested each of the four Medical Inspectors with the powers of a Poor Law Inspector, having obtained the assent of the Lords Commissioners of Her Majesty's Treasury to increase the number of the latter class of Inspectors in this manner with very little increase of expense to the public. This arrangement has, during the recent pressure, been found very useful in enabling us to conduct many of the inquiries arising under the Poor Law Acts, and involving medical questions, through the services of a Medical Inspector, and likewise in relieving some of the Poor Law Inspectors whose districts were the most extensive or the most burthened by pauperism, of the superintendence of some of the Unions included in them.

36. By the 26th section of the Act of last Session (25 and 26 Vic., c. 83), the powers of the Commissioners were continued until the 23rd July, 1863, and thenceforth until the end of the next session of Parliament.

We have the honour to be

ORDER authorizing OUT-DOOR RELIEF to other CLASSES than those specified in SEC. 1 of 10 VIC. c. 31, issued by the COMMISSIONERS in pursuance of SEC. 2 of that ACT.

STROKESTOWN UNION.

To the GUARDIANS of the POOR of the STROKESTOWN UNION; to the CLERK and other OFFICERS of the said Union; and to all other Persons whom it may concern:

Whereas, it has been shown to our satisfaction that, by reason of infectious Disease, the Workhouse of the Strokestown Union is at present unfit for the reception of Destitute Poor Persons being Children, and We deem it expedient to authorize and empower the Guardians of the said Union to administer Relief for a limited time, as hereinafter mentioned, to certain persons not being persons permanently disabled, or Destitute Poor Persons disabled by sickness or accident, or Destitute Poor Widows having two or more legitimate Children dependent on them.

Now, therefore, We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, do hereby authorize and empower the said Guardians to administer Relief out of the Workhouse in Food to Destitute Poor Persons having a child or children dependent on them, and to Destitute Poor Children being Orphans, and to Deserted Children, for a period of Fourteen days from the date of this Order.

Sealed with our Seal, this Sixteenth day of June,

Hundred and Sixty-two.

J. M'DONNELL, M.D.

An Order in the same terms was issued to the same Union on the 30th June, 14th July, 28th July, and 11th August.

2.—ORDER amending the GENERAL REGULATIONS of 19th January, 1852, so far as relates to the APPOINTMENT and CONTINUANCE in OFFICE of COLLECTORS of POOR RATE.

To the GUARDIANS of the POOR of the several UNIONS named in the Schedule hereunto annexed, and to all other Persons whom it may concern:

Whereas, by a General Order under Seal, bearing date the Nineteenth day of January, One Thousand Eight Hundred and Fifty-two, the Commissioners for administering the Laws for Relief of the Poor in Ireland did make certain Rules and Regulations relating to the Meetings and Proceedings of the Boards of Guardians of the several Unions in Ireland, and the Appointment and Duties of Union Officers:

And whereas, by Articles 25 and 41 of the said General Order it is, among other things, provided as follows, that is to say, by Article 25—

"In case any Collector of County Cess shall not offer to collect the Poor Rates in any Electoral Division or Divisions, in which or in any part whereof he is authorized to collect the County Cess, and be approved by the Commissioners as a fit person to collect Rates, or shall not give such security, or accept such salary or allowance as the Commissioners shall approve, the Guardians shall appoint one or more persons to act as Collectors of Poor Rates for such District or Districts as the Commissioners shall approve;"

And by Article 41—

"Provided always that no Collector of Poor Rates, appointed in any District under the provisions of this Order, shall be deemed to continue to hold such Office after the Guardians shall have withdrawn the Warrant by which he was authorized to collect Rates in such District."

And whereas, by reason of a recent amendment of the law the aforesaid provisions are no longer necessary, and it is expedient to make further regulation in lieu thereof:

Now therefore, in exercise of the powers vested in Us, We, the said Commissioners, do hereby rescind the provisions hereinbefore recited relating to the offices of Collector of County Cess and Collector of Poor Rates, except as to the appointments of Collectors made before the date of this Order; and with respect to Appointments which may be made hereafter of Collectors of Poor Rates, We do hereby Order, Direct, and Declare as follows, that is to say:—

The Board of Guardians of any Union shall, subject to our approval, appoint from time to time such and so many Persons as they may deem expedient to collect and levy the Rates made on the several Electoral Divisions of the Union.

And in all other respects We do hereby confirm the said General Order of the Nineteenth day of January, 1852, except where the same may be altered by this Order or any other Order under our Seal.

Provided that nothing herein contained shall apply to the District for the collection of Poor Rates as defined by the Act passed in the Session held in the Twelfth and Thirteenth Years of the Reign of Her Majesty, intituled "An Act to provide for the Collection of Poor Rates in the City of Dublin."

3.—GENERAL ORDER relating to the RELIEF of ORPHAN and DESERTED CHILDREN out of the WORKHOUSE.

To the GUARDIANS of the POOR of the several UNIONS named in the Schedule hereunto annexed; to the CLERK or CLERKS to the JUSTICES of the PETTY SESSIONS held for the Division or Divisions in which the Townlands and Places comprised within the said UNIONS are situate; and to all other Persons whom it may concern :

Whereas, by two several Orders under our Seal, bearing date the Nineteenth day of January, 1852, and the Eighth day of April, 1853, respectively; We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, did prescribe the duties of Relieving Officers of all Unions in Ireland, and the Forms of Account to be kept by such Relieving Officers.

And whereas, by reason of certain changes in the Laws for Relief of the Destitute Poor in Ireland, it has become necessary to make further provision in that behalf, more especially in regard to the relief of orphan and deserted children out of the Workhouse.

Now, therefore, We do hereby Order and Declare that, when the Guardians of any Union shall place any child out at nurse, they shall

assign the duty of attending to the relief of such child to some one Relieving Officer of the Union; and the duty of such Relieving Officer shall be:—

1. To see the child safely given over in charge to the person whom the Guardians shall have selected for the purpose.
2. To pay, by advance or otherwise, as the Guardians shall direct, but not less often than by monthly payments, the sums granted from time to time by the Guardians for the maintenance of the child, from the funds placed at his disposal by them for the purposes of out-door relief.
3. To cause such child, if not already successfully vaccinated, to be vaccinated by the Medical Officer of the Dispensary District in which the place of residence shall be situate.
4. To visit such child once at least in every month, and also when any special occasion shall arise for so visiting it, and to report immediately thereafter to the Board of Guardians on its health, cleanliness, and treatment, together with such other particulars as the Guardians shall at any time require.
5. In the event of the death of such child, to take steps for burying it, according to the directions of the Board of Guardians, applicable generally to such cases.

And, as regards the charging of the expenses incurred by the Guardians in relieving such child, We do Order and Declare as follows:—

1. The name of the child, together with the other particulars required by the regulations of the Commissioners shall, on its discharge from the Workhouse, be placed on the Out-door Relief Register, and on the Out-door Relief List; and the sums expended in the relief of all such cases shall be entered like other sums expended in out-relief, in the Relieving Officer's Weekly Relief and Expenditure Book.
2. The expenses of relieving such child, and of its burial in case of death, shall be charged to some Electoral Division, or to the Union at large, as the case may be, under the head of Out-door Relief, and entered in the Union accounts accordingly.

to all other Persons whom it may concern:

Whereas, by a General Order under Seal, bearing date the Nineteenth day
of January, 1852, the Commissioners for administering the Laws for Relief
of the Poor in Ireland, did issue Rules and Regulations for conducting the
Meetings and Proceedings of Boards of Guardians of the several Unions
throughout Ireland, wherein are prescribed among other things the mode
of Appointment of Union Officers, their Qualifications, and the duties to

vided, the Qualifications of every Medical Officer of the Workhouse who
may be appointed after the date hereof, shall be as follows, that is to say:

that may be authorized to grant a Diploma or Licence to practise Sur-

the same, of his possessing a competent knowledge of Midwifery.

No. 2. He shall have reached the age of twenty-three years.

Provided, that under special circumstances affecting the particular Workhouse for which the appointment is made, that part of the above Qualification which requires a separate Medical Certificate or Diploma may be dispensed with by Us, the said Commissioners, if We shall deem it necessary to do so.

Provided also, that the foregoing Regulation shall not apply to any person holding the office of Medical Officer of the Workhouse at the date hereof, either in respect to his present appointment or any future appointment to the said office.

And We do hereby confirm the said General Regulations of the Nineteenth day of January, 1852, in reference to the Qualification for the said office in all respects except so far as they may be altered by this Order.

MAZIERE BRADY, C.

We, the LORDS JUSTICES, General Governors of Ireland, do approve this Order.

By Command of the Lords Justices,

THOS. A. LARCOM.

6.—GENERAL ORDER for REGULATING the ELECTION of GUARDIANS.

To the GUARDIANS of the POOR of the several UNIONS named in the Schedule hereunto annexed; to the RETURNING OFFICER, and other Officers, in each of the said Unions respectively; and to all other Persons whom it may concern:

Whereas by a General Order under Seal, bearing date the 26th day of January, 1852, the Commissioners for administering the Laws for Relief of the Poor in Ireland, did make Rules and Regulations for the conduct of the Election of Guardians in the several Unions throughout Ireland. And whereas We, the said Commissioners, deem it expedient to alter the said Rules and Regulations, and to make further Rules and Regulations in that behalf.

Now, therefore, with respect to every future Election of Guardians, We, the said Commissioners, in exercise of the Powers vested in Us, do hereby rescind the said General Order of the 26th day of January, 1852, and every matter and thing therein contained, except so far as the said Order may have rescinded provisions contained in previous Orders therein referred to; and We do hereby rescind each and every part of the said previous Orders, except such portions thereof as may have appointed the Clerk for the time being to the Board of Guardians to be Returning Officer, and may not have been rescinded by any subsequent Order, and except such portions of the said previous Orders as may have fixed the value of the qualification for the office of Guardian, and may not have been rescinded or altered by any subsequent Order.

And We do hereby Order, Direct, and Declare, with respect to future Annual Elections in each and every of the Unions named in the Schedule hereunto annexed, as follows:—

ARTICLE 1.—The duties herein directed to be performed by the Returning Officer, and all other duties suitable to his Office, which it may be requisite for him to perform in conducting and completing the Election of Guardians from time to time in each of the Unions named in the Schedule hereunto annexed, shall be performed by the person already or hereafter appointed for the purpose by any Order of the Commissioners in force for the time being in such Union, and required or directed by such Order to perform the same: or by any person duly appointed to

perform such duties in case of vacancy in the office of Returning Officer, or of his being prevented by sickness, accident, or other sufficient cause, from the performance of his duties. And in every case in which the Clerk for the time being to the Board of Guardians has been or shall be appointed Returning Officer, and the office of Clerk shall be vacant at any time when any proceeding is to be taken under this Order, or in case the Clerk shall be prevented by sickness or accident or other sufficient cause from the performance of his duties, the Guardians of such Union shall appoint some person to perform such of the duties imposed by this Order upon the Returning Officer as shall then remain to be performed, and the person so appointed shall perform such duties.

ARTICLE 2.—The Police Force employed in the Union are hereby appointed to be Assistants to the Returning Officer for posting the Notice of Election, and for distributing and collecting Voting Papers where necessary, as hereinafter directed. Provided always, that if in any case the services of the Police Force should not be available or sufficient for the purpose, the Returning Officer shall, on receiving information thereof, appoint a competent number of fit and proper persons to act as his Assistants instead of the Police so far as shall duly appear to be necessary.

ARTICLE 3.—The respective Collectors of Poor Rates in each Union are hereby appointed to be Assistants to the Returning Officer for the purposes hereinafter specified; and shall attend the Returning Officer on the days appointed for examining Nomination Papers and the Votes given at any Election of Guardians of the Union, bringing with them their respective Collecting Books, and shall assist such Officer in examining the Qualification of persons nominated for the office of Guardian or making Nominations, and the validity of the Votes.

ARTICLE 4.—Persons liable to pay or contribute Rate in respect of any property not in their actual occupation, or in respect of any interest equivalent to Profit-rent arising out of property occupied by them, or in respect of property for which they are rated under the provisions of the Act 6th and 7th Vic. c. 92, sections 1 and 4, or of the Act 12 and 13 Vic. c. 91, section 63, or of the Act 12 and 13 Vic. c. 104, section 10, may, in making Statements of their Claim to Vote, follow the Form A 1, A 2, or C 1, hereunto annexed, as the case may require; but any Statement which contains the particulars required by the 1st and 2nd Vic. c. 56, section 84, and the 25th and 26th Vic. c. 83, section 15, will be sufficient.

ARTICLE 5.—Rate-payers in appointing Proxies, and Proxies in making Statements of their claims to Vote, may follow the Forms marked B 1 and B 2, or C 2 and C 3, hereunto annexed, as the case may require; but any Statement which contains the particulars required by the 1st and 2nd Vic. c. 56, section 84, and the 25th and 26th Vic. c. 83, section 15, will be sufficient.

ARTICLE 6.—All such Statements of Rate-payers claiming to Vote, and Appointments and Statements of Proxies, shall be registered in Books to be kept for the purpose, according to the Forms annexed to this Order, and marked D 1, D 2, D 3, D 4, and D 5, respectively, as the case may require; and the Clerk shall enter in such Books all such Statements and Appointments as may be given to the Guardians; and the Returning Officer shall register therein all such Statements and Appointments received by him, and shall afterwards deposit the original Statements and Appointments with the Clerk, who shall carefully preserve all such Statements and Appointments as are received by him, together with the Registers thereof.

ARTICLE 7.—The Guardians and their Clerk shall permit the Returning Officer to have access, for the purposes of the Election of Guardians, at all reasonable times, to the Rates made for each Electoral Division of the

Union, and to the Registers of Statements and Appointments heretofore required to be made, and hereinbefore required to be kept.

ARTICLE 8.—The Returning Officer, between the time of the receipt of this Order and the next Election of Guardians, and from time to time thereafter as occasion may arise, shall revise, amend, and perfect the several Registries of Claims, D 1, D 2, D 3, D 4, and D 5; and to this end, if he shall have reasonable cause to doubt the correctness of any claim to Vote, made by any person in respect of Rent received and retained by such person, he shall require such person to produce evidence of the amount of such Rent, to his satisfaction: and where such evidence shall have been given, he shall amend or affirm the entry of Net Annual Value of such Rent in the Register, according to his judgment; and shall record the same by a memorandum on the margin of the Register, dated and signed, making reference therein to the documents upon which his opinion is founded; and in every case in which evidence of the amount of the Rent shall not have been produced to his satisfaction, or in which he shall be satisfied that the claim to Vote is fictitious, or otherwise invalid, he shall record the fact, together with his opinion thereon, in like manner, as is above directed, by a memorandum on the margin of the Register, dated and signed, making reference therein to the documents, if any, on which his opinion is founded. He shall also note upon such Registries of Claims every claim which shall have ceased to be in force by reason of the expiration of five years from the date on which it was given; also the revocation of every appointment of a Proxy which shall have been revoked.

ARTICLE 9.—The Returning Officer shall, on the 25th day of February in every year, issue a Notice, according to the Form marked E, herewith annexed; and shall cause Copies thereof to be posted at, on, or near the principal entrances of every Church and other house of Worship, and at every Court House, Police Station, Market House, and other usual place for posting Public Notices, in the Union. He shall, moreover, transmit by Post, at the charge of the Union, a Copy of the Notice to each of the Justices of the Peace resident therein, and to each of the Justices qualified to be *ex-officio* Guardians of the Union.

ARTICLE 10.—Any person entitled, at the time of Nomination, to Vote in any Electoral Division of the Union, or in any Ward of an Electoral Division, may propose in the manner following, for the office of Guardian of such Division or Ward, himself, if legally qualified, or any other person or persons (not exceeding the number of Guardians to be elected for such Division or Ward), legally qualified to be elected for that office.

ARTICLE 11.—Every Nomination shall be in writing in the Form marked F 1, or F 2, herewith annexed, as the case may be, and shall be signed by the Rate-payer nominating, and shall be delivered to the Returning Officer, at such place as he shall appoint, or to such person as he may appoint to receive it, on any day from the date of the said Notice until the 4th day of March, both inclusive; but no Nomination delivered to the Returning Officer before the issue of such Notice, or after the hour of Five o'clock in the afternoon of the said 4th day of March, shall be valid.

ARTICLE 12.—The Returning Officer shall carefully preserve all Nomination Papers received by him; and on the receipt of each, shall mark thereon a number and date, according to the order and time of receipt of the same. He shall also compare each Nomination Paper with the Rate Book, or with the Registers of Statements and Appointments required to be kept; and, assisted by the respective Collectors with their Collecting Books, shall ascertain whether the several persons named in each Nomination Paper are in all respects duly qualified to nominate or be elected for the office of Guardian respectively:

ARTICLE 13.—If any person put in Nomination for the office of Guardian shall, at any time previous to the preparation or signature of the List of Candidates as hereinafter directed, die, or tender to the Officer conducting the Election of Guardians, his refusal, in writing, to serve such Office, the Returning Officer shall omit or strike out the name of such person from the List of Candidates.

ARTICLE 14.—In any case in which no person shall have been put in Nomination for an Electoral Division, the Returning Officer shall, with the assistance of the Collector of the District, ascertain whether the Guardian or Guardians for such Electoral Division, whose year of office is expiring, continue to be in all respects duly qualified for the office of Guardian.

ARTICLE 15.—The Returning Officer shall prepare and sign a List according to the Form marked G, hereunto annexed, of the several qualified Candidates duly nominated as aforesaid, and whose names have not been omitted or struck out under Article 13 up to the 8th of March, and also the names of the Guardian or Guardians of those Electoral Divisions (if any) for which no Nomination shall have been made, and who continue to be in all respects duly qualified for the office of Guardian; and such List shall contain the names and residences of the Rate-payer or Rate-payers by whom the Candidates shall respectively have been proposed; but it shall not be necessary in any case to name in the List or in the Voting Papers hereinafter mentioned more than one Rate-payer as proposer of any Candidate.

ARTICLE 16.—The Returning Officer shall forward a Copy of such List on the 8th day of March, to the said Commissioners; and shall cause a Copy thereof to be laid before the Board of Guardians by the Clerk of the Union, at their first Meeting after the List is so completed and forwarded; and the Guardians to be elected for the Electoral Divisions and Wards of the Union, shall be chosen from the Candidates, being duly nominated and qualified, whose names are contained in such List.

ARTICLE 17.—If the Candidates for an Electoral Division or Ward shall not exceed the number of Guardians to be elected for the Division or Ward, such Candidates (excepting those who may in writing decline to act), shall be deemed to be the elected Guardians for such Division or Ward, and shall be certified as such in the Return to be made by the Returning Officer, as hereinafter provided.

ARTICLE 18.—When the number of qualified Candidates duly nominated for any Electoral Division or Ward, shall exceed the number of Guardians to be elected for any such Division or Ward, the Returning Officer shall thereupon forthwith prepare Lists, according to the annexed Forms H 1 and H 2, of the Rate-payers of such Division or Ward and of Proxies appointed; in which Lists the several particulars specified in such Forms shall be so stated as to show the total annual value of the several parcels of rateable property occupied by the same Rate-payer, or in respect of which the same Rate-payer shall have made a valid claim to Vote in such Electoral Division or Ward; also the total amount of Net Rents, or Net Annual Value, or of Tithe Rent-charges, set forth in Statements received, or in Appointments of Proxies, following the latest decision of any Returning Officer for the time being, in every case which shall have been dealt with under the provisions of Article 8: and the List of Rate-payers making such Statements, and of Proxies, shall be made up to one calendar month preceding the first day herein appointed for collecting Votes.

ARTICLE 19.—If at any time after the preparation and signature of the List of Candidates, and before the issue of Voting Papers as hereinafter directed, any of the persons put in Nomination shall tender to the Officer conducting the Election of Guardians, his or their refusal, in writing, to serve the office of Guardian, whereby the number of Candidates for any Electoral Division or Ward shall be reduced to or below the number of

Guardians to be elected, then the remaining Candidates for such Division or Ward shall be certified in the Return to be made as hereinafter provided, as Guardians, and it will not be necessary to issue Voting Papers in any such case; but where the number of Candidates shall still exceed the number of Guardians to be elected, the Returning Officer shall cause Voting Papers, in the Form J 1, or J 2, as the case may require, to be printed for such Divisions or Wards; and he shall prepare Lists of the Voters for whom Papers are to be left by the persons who shall be employed to distribute them, in which Lists shall be stated the number of each Paper, and the name of the place at which it is to be left; and every Paper shall be folded and endorsed with its proper number; and the Voting Papers shall be arranged in parcels, according to Townlands, or Streets, or similar order, as far as practicable, and be delivered to the persons employed to distribute and collect the Papers so arranged, that they may distribute and collect them as nearly as possible in the order in which they receive them.

ARTICLE 20.—If at any time after the printing and before the issuing of the Voting Papers, any person put in Nomination shall die, or shall tender to the Officer conducting the Election of Guardians, his refusal, in writing, to serve the office of Guardian, but the number of Candidates shall still exceed the number of Guardians to be elected, the Returning Officer shall, before issuing the Voting Papers, erase the name of such person therefrom, by drawing a line through such name in ink.

ARTICLE 21.—The Voting Papers shall be issued on the 18th day of March, and if the whole cannot be issued on that day, the remainder shall be issued on the following day; but it shall not be necessary to deliver Papers in any Electoral Division or Ward, for which the number of Candidates shall, before the said 18th day of March, be reduced to or below the number of Guardians to be elected; in which case each remaining Candidate for such Division or Ward, duly nominated and qualified, shall be certified in the Return as a Guardian.

ARTICLE 22.—Every Collector of Rates for any Electoral Division, or for any Ward thereof, in which a contest for the office of Guardian may occur, shall attend to assist the Returning Officer in issuing Voting Papers, and shall compare the List of Occupiers, and of persons rated as Owners or Immediate Lessors under the provisions of the Act 6 and 7 Vic. c. 92, sections 1 and 4, or of the Act 12 and 13 Vic. c. 91, section 63, or of the Act 12 and 13 Vic. c. 104, section 10, with his Collecting Books, and set a mark opposite to the name of every Occupier, Owner, or Immediate Lessor, who shall have paid all Rates assessed on him, and against the name of every Occupier, Owner, or Immediate Lessor, who shall have paid all such Rates, excepting such as may have been made within the six calendar months immediately preceding the first day appointed for issuing the Voting Papers; up to which day, if any Occupier, Owner, or Immediate Lessor, shall tender payment of Rate due by him, the Collector shall receive the amount, and set a mark indicating payment of Rate opposite the name of such Occupier, Owner, or Immediate Lessor.

ARTICLE 23.—The Returning Officer shall cause one Voting Paper to be delivered by a person appointed for that purpose at the residence of every Occupier, Owner, or Immediate Lessor, named in the List, according to Form H 1, specified in Article 18, who shall appear not to owe any Rate made six calendar months or more previously to the first day for issuing Voting Papers; and Voting Papers for all other Rate-payers and for Proxies, shall be delivered at the respective places appointed by them in the Electoral Division or Ward.

ARTICLE 24.—Every Rate-payer entitled to Vote in more than one capacity in any Division or Ward shall be supplied with a Voting Paper for each capacity in which he is entitled to Vote; and every Proxy shall

receive a separate Voting Paper for each of the Rate-payers entitled to Vote for whom he acts as Proxy in respect of each Division or Ward in which they may be entitled to Vote.

ARTICLE 25.—The Voter, whether he be the Proxy of a Rate-payer or not, shall place his own initials opposite the name of every Candidate for whom he Votes, and shall sign the Voting Paper; and every Proxy shall also state thereon, in his own handwriting, the name of the person for whom he is Proxy; but if the Voter cannot write, he may procure a person to write the Voter's name on the Paper, in full, and such person shall then write the Voter's initials opposite to the name of each Candidate for whom the Voter intends to Vote, and afterwards affix his own signature to the Paper as witness to the mark of the Voter, which is to be affixed by the Voter to the Paper in place of signature.

ARTICLE 26.—If the initials of a Voter shall be written against the names of more persons than are to be elected Guardians for the Electoral Division or Ward, or if he shall not sign or affix his mark to the Voting Paper, or if his mark shall not be duly attested, the Voting Paper shall not be included in the casting up of the Votes.

ARTICLE 27.—No person, not being a Proxy or an Officer of a Corporation or Company duly appointed to Vote, shall Vote in the name of any other person.

ARTICLE 28.—On the 20th day of March, and if necessary on the following day, the Returning Officer shall cause the Voting Papers to be collected, but in no case (excepting that provided for in Article 42,) shall a Voting Paper be allowed to remain more than one clear day with the Voter; and the persons employed in collecting the Voting Papers shall not examine or permit any person to have access to such Papers while in their charge; and on completing the collection in any Electoral Division or Ward, they shall arrange the Voting Papers according to the numbers endorsed thereupon, in pursuance of Article 19, and enclose them in a parcel, which shall thereupon be delivered by one of the persons so employed in each Division or Ward, to the Returning Officer, as nearly as possible in the same order as that in which the Voting Papers had been received from him.

ARTICLE 29.—Every person entitled to Vote, who shall not on the 18th or 19th day of March have received a Voting Paper, as aforesaid, shall, on application in person to the Returning Officer, on the days appointed for the collection of the Voting Papers, and between the hours of Ten in the forenoon and Five in the afternoon, be entitled to receive a Voting Paper, and to fill up the same in the presence of the Returning Officer, and then and there to deliver the same to him.

ARTICLE 30.—Any person who shall not, on the 18th or 19th day of March, have received a Voting Paper, as aforesaid, by reason of his not having paid any Poor-rate made and assessed upon him six calendar months or more before the first day appointed for the issue of Voting Papers, shall nevertheless, if he pay all such Rate on any of the days appointed for the distribution and collection of Voting Papers, be entitled to receive a Voting Paper and to Vote in manner provided in Article 29, on personal application to the Returning Officer within the time therein mentioned, and on producing to him the Collector's receipt for the full amount of such Rate.

ARTICLE 31.—If in any case a Voting Paper duly issued, shall not have been collected through the default of any of the persons employed by the Returning Officer for the purpose, the Voter may in person deliver the Paper to the Returning Officer on the day immediately following the last day appointed for the collection of Voting Papers, and between the hours of Ten in the forenoon and Five in the afternoon.

ARTICLE 32.—The Returning Officer shall attend from the hour of Ten in the forenoon until the hour of Five in the afternoon, at the Board-room

of the Workhouse, or other place appointed for the conduct of the Election and named in his Notice of the Election, on the several days on which Voting Papers may be issued and filled up and delivered in his presence, as provided in Articles 29, 30, and 31, of this Order; and on all such other days as may be necessary for the due conduct of the Election in conformity with this Order.

ARTICLE 33.—If at any time after the issuing of the Voting Papers shall have commenced, and before the making of the Return hereinafter directed, any person put in nomination for the office of Guardian in any Electoral Division or Ward, shall die or tender to the Returning Officer conducting the Election of Guardians his refusal, in writing, to serve such office, the Votes which may be given for such person shall not be cast up, or continue to be cast up, as the case may be; and the Votes so given for such person will be lost: and if the number of Candidates for any Electoral Division or Ward shall thereby be reduced to or below the number of Guardians to be elected, the remaining Candidates for such Division or Ward, duly nominated and qualified, shall be certified in the Return as Guardians; but if the number of such remaining Candidates shall still exceed the number of Guardians to be elected, the Returning Officer shall proceed in the Election as hereinafter directed.

ARTICLE 34.—When the collection of the Voting Papers shall have been completed, the Returning Officer shall attend at the Board-room of the Guardians of the Union, and shall, assisted by the Collectors of Poor-rates, ascertain the validity of the Votes, and shall register the Valid Votes duly given for each remaining Candidate, opposite to the name of each Rate-payer or Proxy; after which he shall cast up the Votes so registered, and ascertain and register the total number of such Votes for each Candidate. The Candidate or Candidates, to the number of Guardians to be elected for the Electoral Division or Ward, who shall have obtained the greatest number of Votes, shall be deemed to be the elected Guardian or Guardians for such Division or Ward.

ARTICLE 35.—The Returning Officer shall, on the 25th day of March, make a true Return to the said Commissioners, in writing under his hand and seal, in the Form marked K, hereto annexed, of the names of every Electoral Division and Ward of the Union, and the names of all the Candidates who shall have been duly nominated, together with (in the case of a contest) the number of Votes given for each, and the names of the persons elected as Guardians; and in any case in which there shall have been no Candidate nominated for an Electoral Division, the Returning Officer shall state in the said Return, opposite to the name of such Electoral Division, the name or names of the Guardian or Guardians for such Electoral Division for the last year who continue to be duly qualified; and in any case in which the number of Candidates shall have been less than the number of Guardians to be elected for any Electoral Division or Ward, or in which any of the Candidates shall have died or refused to serve, the fact shall be so stated in the Return opposite to the name of such Division or Ward.

ARTICLE 36.—If the examination of Votes collected cannot be completed as aforesaid, on or before the 25th day of March, the Returning Officer shall forthwith proceed to complete the examination, and shall make a Return of the Election to the said Commissioners on one of the fourteen days (not being a Sunday) next following the said 25th day of March.

ARTICLE 37.—When the Return of the Election shall have been made to the Commissioners, the Returning Officer shall forthwith lay before the Board of Guardians, or deliver to the Clerk of the Union to be laid before the Board of Guardians, a certified copy of such Return: and the Clerk of the Union shall immediately on such Return of any Annual Election of

Guardians for a Union being made, or on receipt of the certified copy thereof, forward to every Member of the out-going Board of Guardians, whether he shall have been re-elected or shall be entitled to continue in office or not, and including the *ex-officio* Guardians, a Notice, in the annexed Form L, containing a List of the Electoral Divisions and Wards in the Union, and of the names and addresses of the Guardians elected, or continuing in office, and returned for the same respectively.

ARTICLE 38.—The Clerk of the Union shall also notify to each person returned as elected at any Election of Guardians, or continuing in office, the fact of his having been so elected, or of his so continuing in office, by delivering or sending, or causing to be delivered or sent to him, a Notice in the Form M or N, hereto annexed, as the case may require.

ARTICLE 39.—Within seven days after the Return of the Election shall have been made, all Books, Papers, and other Documents relating to the Election shall be deposited with and remain in the custody of the Clerk to the Board of Guardians, by whom they shall be preserved; and no person, other than the Returning Officer, or the Poor Law Inspector, shall inspect such Books, Papers, or other Documents without a resolution of the Board of Guardians authorizing him to inspect the same.

ARTICLE 40.—The Guardians shall pay to the Returning Officer for the conduct and management of the Election generally, such reasonable remuneration as the said Commissioners may allow; and such remuneration, together with the cost of providing the requisite supplies of the several Forms hereunto annexed, with the exception of the Voting Papers, Forms J 1 and J 2, shall be defrayed by the Guardians out of the common fund of the said Union.

ARTICLE 41.—The Guardians shall pay to the Collectors of Poor-rates, and to the persons appointed to distribute and collect the Voting Papers, or to assist the Returning Officer in preparing Lists of Voters, for the duties arising out of any contested Election, such reasonable remuneration as may be allowed by the said Commissioners; and such remuneration, together with the cost of providing Voting Papers, where required, in the Forms marked J 1 and J 2, shall be defrayed by the Guardians and charged to the Electoral Divisions in respect of which such expenses may be incurred; and where any expenses under this Article shall be incurred in respect of any two or more Electoral Divisions combined for the election of one Guardian, such expenses shall be charged in equal proportions to the Divisions so combined.

ARTICLE 42.—Whenever the day appointed in this Order for the performance of any act shall be a Sunday or Good Friday, such act shall be performed on the day next following.

ARTICLE 43.—Wherever two or more Electoral Divisions shall have been combined into a District for the Election of one Guardian for such District, all the provisions in this Order contained which apply to a single Electoral Division, having a separate Guardian or Guardians, shall apply to such District of Electoral Divisions in like manner as if it were a single Electoral Division.

ARTICLE 44.—In case any Election of a Guardian or Guardians, other than the Annual Election, shall be ordered by the said Commissioners for the purpose of supplying a vacancy or vacancies in the Office of Guardian for any part of a Union, such Election shall be held at such time, and the several proceedings therein shall be taken on such dates, as may be fixed by any Order issued by the Commissioners in that behalf; and such Election shall be conducted in accordance with the regulations in this Order contained, subject to the directions that may be contained in the Order for such Election.

— UNION.

Election of Guardians for the Year ending 25th March, 18 —.

I, ———, Returning Officer of the ——— Union, do hereby give Notice, that an Election of Guardians of the Poor of the above Union is to take place as follows :—

1. The Number of Guardians of the Poor to be elected for the Electoral Divisions [and Wards, where divided into Wards], in the said Union, is as follows :—

For the Electoral Division of ———, ——— Guardians.

[The Names of the Electoral Divisions and Wards, where any Electoral Division is subdivided into Wards, and the Number of Guardians, to be here inserted, as well as the amount of Qualification where it is different for different Divisions of the Union.]

2. Any male person of full age, not expressly disqualified by law, who is entitled, under the provisions of the Acts for the Relief of the destitute Poor in Ireland, to vote at Elections of Guardians in the said Union, and who shall have been liable under the last made Rate, to pay or contribute Rate in respect of property of the net annual value of not less than ——— Pounds, [or the amounts above stated respectively], in his occupation, or for which he is rated as Owner or Immediate Lessor, within the said Union, or who is entitled to vote in respect of net rent payable to his receipt in the said Union, of that amount, or who is entitled to vote in respect of Tithe Rent-charge payable to his receipt from property within the Union, of that amount, will be eligible as a Guardian for any Electoral Division [or Ward or District of Electoral Divisions, as the case may be] in the said Union. But no person being in Holy Orders, or being a regular Minister of any religious denomination, is eligible as a Guardian; and no person who has been convicted of felony, fraud, or perjury,—and no person who has been adjudged to be liable to any forfeiture for having provided, furnished, or supplied for his own profit any materials, goods, or provisions for the use of any Workhouse, or for having been concerned in furnishing or supplying the same, or in any Contract relating thereto,—is capable of being elected or appointed, or of acting as a Guardian.

3. Any person who has been a Guardian for any year, is re-eligible for the ensuing or any subsequent year, provided he possesses the qualification prescribed, and is duly nominated; but if he be elected Guardian for more than one Electoral Division, Electoral District, or Ward, it will be necessary for him to notify to the Returning Officer for which of such Electoral Divisions, Electoral Districts, or Wards, he will choose to act as Guardian, and steps will then be taken with a view to a further Election of Guardians in the other of such Divisions, Districts, or Wards.

4. No Occupier rated to the Poor Rate will be entitled to vote in that capacity unless he shall have paid all Poor Rates previously made and assessed upon him, except such as shall have been made or become due within six calendar months immediately preceding such voting; and no Owner or Immediate Lessor who is rated under the provisions of the Act 6 & 7 Vic., c. 92, secs. 1 and 4, or of the Act 12 & 13 Vic., c. 91, sec. 63, or of the Act 12 & 13 Vic., c. 104, sec. 10, will be entitled to vote in respect of the property for which he is so rated, unless he shall have paid all the rates made and assessed upon him in respect of such property, except such as shall have been made, or become due within six calendar months immediately preceding such voting.

5. No Rate-payer will be entitled to vote in respect of any property not in his actual occupation, or in respect of any interest equivalent to Profit Rent arising out of property occupied by him, unless he shall, one calendar month at the least previous to the first day hereinafter named for collecting Votes, have delivered to the Board of Guardians of the Union, or to the person acting for the time being as Returning Officer, a statement in writing of his name and address, and the description and local situation of the property in respect of which he claims to vote, specifying its Cities, Towns, and their Suburbs, having Streets and other Roadways, the Name of the Street or Roadway, and the Number of the House or Tenement, if any, and the Parish in which the property is situate, and in other places the Barony, Parish, and Townland, so that the property may be ascertained and identified with reasonable certainty, together with the nature of the interest of the Ratepayer therein, and its net annual value over and above all rents payable by him, and the amount of rent payable to him, and the names of the Tenants or Occupiers by whom Poor Rates have been deducted from such rent, and such claim to vote must be executed in the presence of a Justice of the Peace.

6. Any Rate-payer in respect of property not in his actual occupation, may, by writing under his hand, appoint any person to vote as his Proxy; but such Proxy must, one calendar month previous to the day on which he shall claim to vote, have given to the Board of Guardians or the Returning Officer, a statement in writing of his own name and address, and also the name and address of the Rate-payer appointing him such Proxy, and the description and local situation of the

property in respect of which he claims to vote as Proxy, specifying in Cities, Towns, and their Suburbs, having Streets and other Roadways, the Name of the Street or Roadway, and the Number of the House or Tenement, if any, and the Parish in which the property is situate, and in other places the Hamlet, Parish, and Township, so that the property may be ascertained and identified with reasonable certainty, together with the nature of the interest of the Rate-payer therein, and its net annual value, over and above all rents payable by him, and the amount of rent payable to him, and the Names of the Tenants or Occupiers by whom Poor Rates have been deducted from such rent. The Proxy must also give an original or attested copy of the writing appointing him such Proxy, and the claim to vote must be executed in the presence of a Justice of the Peace. No person can vote as Proxy for more than twenty owners of property in any one Electoral Division or Ward, unless he be a Steward, Bailiff, Land Agent, or Collector of Rents for the owners of property for whom he may be appointed to vote.

7. Nominations of Guardians for any Electoral Division [or Ward or District], must be made by Rate-payers entitled to vote in the Division [Ward or District], according to the form prescribed by the Poor Law Commissioners, printed copies of which form may be had on application to me; and such nominations will be received by me at ———, and will be receivable on and after the date of this Notice, up to the hour of Five o'clock in the afternoon of the 4th day of March next; but no Nomination will be valid if received after that time, or before the issue of this Notice; or if the Nominator shall not have paid all the Poor Rates previously made and assessed on him, except such as shall have been made or become due within the six calendar months immediately preceding the Nomination. If in any Electoral Division no person be put in Nomination, the Guardian or Guardians of such Electoral Division will remain in office for the ensuing year, as if they had been re-elected, provided they continue to be duly qualified.

8. If any person put in nomination for the office of Guardian in any Electoral Division [or Ward or District of Electoral Divisions, as the case may be], shall tender to the Returning Officer his refusal, in writing, to serve such office, the Election of such person is to be no further proceeded with for such Division [or Ward or District]; and such writing will be received by me at the place above named.

9. If more than the above-mentioned number of Guardians be duly nominated for any Electoral Division [or Ward or District], I shall cause Voting Papers to be delivered on the 18th day of March, and if necessary on the following day, to the address in the Electoral Division [or Ward or District] of each Rate-payer and Proxy qualified to vote, which Voting Papers will contain full instructions as to the mode of Voting; and on the 20th day of March, and if necessary on the following day, I shall cause such Voting Papers to be collected.

10. On the 20th day of March and following days, I shall attend in the Board Room of the said Union, at the hour of 10 o'clock in the forenoon; and I shall thereafter proceed to ascertain the number of Votes given for each Candidate.

11. Every person entitled to vote, who shall not have received a Voting Paper, on either of the days appointed for delivering the same, may, on application in person to the Returning Officer, on the days appointed for the collection of the Voting Papers, receive a Voting Paper and fill up the same in the presence of the Returning Officer, and then and there deliver the same to him. And if in any case a Voting Paper duly issued shall not have been collected on the proper days through the default of any of the persons employed by the Returning Officer for the collection of Voting Papers, the Voter may in person deliver the Paper to the Returning Officer on or before the 22nd day of March.

12. If any person knowingly and fraudulently, and with the intent of giving a greater number of Votes than he is by law entitled to give, tender or forward to the Returning Officer a false statement of the grounds on which he claims to vote or to give additional Votes; or forge, falsify, or knowingly or fraudulently alter after signature, any Paper containing a statement of Claim to Vote, Proxy, Nomination, or Vote for the Election of Guardians, or refusal to serve the Office of Guardian; or conspire to forge, falsify, or so alter any such Paper; or knowingly tender or forward to the proper Officer any such Paper, forged, falsified, or so altered as aforesaid; or wilfully suppress, carry off, destroy, or deface any Statement of Claim to Vote, Proxy, or Nomination of a Candidate for the Office of Guardian, after the same has been duly signed; or in like manner suppress, carry off, destroy, or deface any Voting Paper, after the same has been issued by the Returning Officer; the person so offending is liable to a penalty of Ten Pounds, recoverable by distress and sale of the offender's goods, or to Imprisonment for three months, on complaint and conviction before two Justices of the Peace.

II.—CIRCULARS.

No. 1.—EMIGRATION to CANADA.—CIRCULAR to BOARDS of GUARDIANS.

Poor Law Commission Office, Dublin,

Sir,

May 6, 1862.

The Commissioners for administering the Laws for Relief of the Poor in Ireland have recently received a copy of a paper, issued in the month of February last, from the Government Emigration Office at Quebec, for the information of Emigrants, containing some particulars which it may be useful to Boards of Guardians to be acquainted with, in reference to any applications which may be made to them for assistance to enable poor persons to emigrate, under the provisions of the Irish Poor Relief Acts.

It appears from the document referred to, that there is a considerable demand for labour in Canada, and that persons of the following classes are much required, viz. :—Farm labourers, female servants, boys and girls over fifteen years of age, carpenters, masons, bricklayers, tailors, shoemakers, coopers, blacksmiths, and tinsmiths. The classes most in demand are agricultural labourers, male and female servants, and boys and girls over fifteen years of age; but it is suggested that clerks, shopmen, or persons having no particular trade or calling, and unaccustomed to manual labour, should on no account be persuaded to emigrate.

In regard to the time for emigrating to Canada, it is remarked that the emigrant should arrive at as early a period of the year as possible, and that persons who sail in the months of April and May, may expect to arrive in time for spring and summer work, and to obtain the higher rate of wages usually given by the farmers during harvest.

It is important that the emigrant should, immediately on his arrival, apply to the Government Emigration Officers, whose duty it will be to afford every information and advice free of cost; and it is strongly recommended that emigrants who have settled destinations should remain about the city as short a time as possible; and that farm labourers, especially, should proceed at once to the agricultural districts.

The Commissioners annex an extract from the document above referred to, giving the names of the Emigration Agents, and some suggestions as to the classes of persons most eligible for emigration to Canada, together with some general directions as to the time and mode of emigrating, and the course to be pursued on arriving in the colony.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

GOVERNMENT EMIGRATION AGENTS.

Quebec, ...	A. C. Buchanan, (Chief Agent.)	Offices, Napoleon Wharf, and Grand Trunk Station, Point Lévi.
Montreal, ...	J. H. Daly,	
Ottawa City, ...	W. J. Wills,	
Kingston, ...	James McPherson,	
Toronto, ...	A. B. Hawke (Chief Agent, U.C.)	
Hamilton, ...	W. Gillespy,	

Who will furnish emigrants on application with every information relative to lands open for settlement, farms for sale, routes, distances, and expense of conveyance, demand for labour, rate of wages, &c., &c.

DEMAND FOR LABOUR.—The municipal authorities have, in reply to a circular from the Bureau of Agriculture, issued last December, stated that the following classes were required in their several districts :—

Farm Labourers, ...	4,535	Bricklayers, ...	193
Female Servants, ...	2,908	Tailors, ...	226
Boys over fifteen, ...	2,078	Coopers, ...	228
Girls do.	1,886	Blacksmiths, ...	270
Carpenters, ...	651	Tinsmiths, ...	98
Masons, ...	347	Shoemakers, ...	513

THE CLASS OF PERSONS WHO SHOULD EMIGRATE.—Practical farmers, agricultural labourers, male and female servants, boys and girls over fifteen years of age. Those possessing small capitals may rent or purchase farms with some little improvements on reasonable terms.

Clerks, shopmen, or persons having no particular trade or calling, and unaccustomed to manual labour, should on no account be persuaded to emigrate, for to this class the country offers no encouragement at present.

CAUTION.—Emigrants having no fixed destination should not take passage beyond Quebec.

GENERAL DIRECTIONS.

Time to Emigrate and best mode of reaching Canada.—It is of the greatest importance to the emigrant, that he should arrive in the country at as early a period of the year as possible. Those who sail in the months of April and May may expect to arrive in time for the spring and summer work, and to obtain the higher rate of wages, which are usually given by the farmers during harvest time. They will thus be enabled to secure a home against the coming winter. If, on the other hand, they land at a season when nearly all out-door work has ceased, they may be exposed to much hardship.

If the means of the emigrant will permit it, steamers should be preferred to sailing vessels. First class steamers leave Liverpool, Londonderry, and Glasgow, weekly, from April to November, direct for Quebec.

Luggage.—Should be in compact handy packages, distinctly marked with the owner's name and destination. The enormous quantities of useless luggage brought out by emigrants entail heavy expenses and trouble, and in many cases the cost of cartage, portorage, and extra freight, exceeds its value.

Clothing.—Woollen clothing and all description of wearing apparel, flannels, blankets, &c., are much cheaper in England than in Canada; and wherever it is practicable the emigrant should lay in a good stock of clothing before leaving home.

Tools.—Agricultural labourers need not bring out implements of husbandry, as these can be easily procured in the country. Artisans are recommended to take such tools as they may possess. But both classes must bear in mind that there is no difficulty in procuring any ordinary tools in the principal towns on advantageous terms, and that it is more desirable to have the means of purchasing what they want after reaching their destination, than to be incumbered with a large quantity of luggage during the journey into the interior.

Money.—The best mode of taking money is in sovereigns, or by letter of credit on some established bank. A sovereign is worth 24s. 4d. currency, or 4 dol. 85 cents. The English shilling, 1s. 2½d., or 24 cents.

On arriving in Canada, the emigrant should at once apply to the Government Emigration Officers, whose duty it is to afford him every information and advice. He should avoid listening to the opinions of interested and designing characters, who thrust their advice upon him unsolicited. Many, especially single females and unprotected persons, have suffered from want of proper caution in this respect.

Emigrants who have settled destinations should remain about the city as short a time as possible after arrival. Farm labourers should proceed at once into the agricultural districts, where they will be certain of meeting with employment suitable to their habits; and those with families will also more easily procure the necessities of life, and avoid the hardships and distress which are experienced by a large portion of the poor inhabitants in our large cities during the winter season. The Chief Agent will consider such persons as may loiter about the ports of land-

ing to have no further claims on the protection of her Majesty's agents, unless they have been detained by sickness, or some other sufficient cause.

Those desirous of obtaining employment will find it to their advantage to accept the first offer, even if the wages should be less than they had been led to expect, as until they become acquainted with the country their services are of comparatively small value to their employers. Persons seeking situations as clerks, shopmen, &c. (for whom there exists little or no demand), and mechanics who experience difficulty in obtaining employment in their respective trades, should accept the first offer that presents itself sooner than remain idle.

NO. 2.—CUSTODY OF POISONOUS MEDICINES IN WORKHOUSE.—
CIRCULAR TO BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
August 11, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had their attention drawn to the recent conviction of a Union Officer for murder by poisoning, and to the fact that he is supposed to have obtained the poison from the Workhouse surgery. The Commissioners think it right, therefore, to call the attention of the several Boards of Guardians to the subject, in order that, if sufficient and satisfactory arrangements do not exist at present for the safe custody of poisonous medicines in the Workhouse, the requisite directions may be at once given.

The Commissioners suggest that poisonous medicines should be kept under lock and key, separate from the other medicines; and that the Medical Officer should himself retain, and be responsible for the possession of the key.

The Commissioners have addressed a similar recommendation to the several Dispensary Committees.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

NO. 3.—AMENDMENT OF THE LAW.—CIRCULAR TO BOARDS OF
GUARDIANS, TRANSMITTING COPIES OF THE ACT 25 & 26 VIC. c. 83.

Poor Law Commission Office, Dublin,
August 14, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for the information of the Board of Guardians, a copy of the Act to amend the Laws in force for the Relief of the Destitute Poor in Ireland, which received the Royal Assent on the 7th instant.

The Guardians will observe that by the 1st section a change is made in the law regarding chargeability, so far as relates to the period of residence which determines such chargeability to an Electoral Division, the period being now two years out of the last five years, instead of twelve months out of the last three years; and, in estimating the time of residence, residence in the Workhouse is to be considered not only as residence in the Union, but as residence in the Electoral Division to which the pauper was chargeable. It will be observed that this section relates only to applications for relief made after the passing of the Act, and does not affect the present chargeability of persons who were receiving relief at the time of the passing of the Act.

The 2nd section so far repeals the quarter-acre section (10 Vic., cap. 31, sec. 10), as to enable the Guardians to relieve persons, holding more than a quarter of an acre of land, in the Workhouse. It also enables the Relieving Officer to exercise his provisional power of relief in regard to such persons precisely as in the cases of any other persons, that is to say, "either by an order of admission to the Workhouse or Fever Hospital of the Union, provided there be room therein, respectively, and by conveying any destitute poor person thereto, if necessary, or by affording such poor person immediate and temporary relief in food, lodging, medicine, or medical attendance, until the next ordinary meeting of the Board of Guardians." Each Relieving Officer should be immediately apprized of the change of the law in this respect.

The 3rd section extends the power which the Guardians already possess, of admitting "poor persons" affected with fever or other dangerous contagious disease. This power is now extended, so as to enable the Guardians to admit any poor persons requiring medical or surgical aid in hospital, even though the disease under which they may be suffering may not be contagious. It is specially provided, also, that in such cases the person admitted shall not be required to be accompanied by any member of his family, as a condition of receiving relief. The Commissioners have reason to believe that Boards of Guardians already practise so much liberality in the administration of relief to the sick poor that the provisions of this section will not cause any very serious increase in the amount of relief, or in the necessary amount of hospital accommodation.

The 4th section will enable the Guardians to recover the cost of relief to persons admitted under the preceding section, or admitted to the Fever Hospital of the Workhouse, or a proportion thereof, in any case in which they shall consider such person able to pay such cost, or a proportion thereof.

Section 5 provides for the admission of members of the Constabulary Force to the Infirmary or Fever Hospital, and for payment of the cost of their treatment and maintenance.

Section 6 requires a separate register to be kept of persons admitted to the Fever Hospital or Infirmary who shall claim, on admission, to pay the entire cost of their maintenance, and of members of the Constabulary Force who shall be so admitted. The Commissioners will take the necessary steps to have a form of register, applicable to cases of this kind, printed.

Under the 7th section, the Guardians may send from the Workhouse any case requiring special medical or surgical treatment to any suitable hospital or infirmary, in the same manner as they were previously authorized to send fever cases.

The 8th section gives the Guardians parental authority, in the cases of children without a parent relieved in the Workhouse, up to the age of fifteen.

The 9th section authorizes the Guardians to provide for the relief of orphan and deserted children out of the Workhouse, up to the age of five years; and with the special consent of the Commissioners, from year to year, up to eight years of age.

The 10th section enables Boards of Guardians to recover the cost of maintenance of illegitimate children, who are in receipt of relief from the poor rates, from the putative fathers.

The 11th section gives to Guardians, godfathers, or godmothers of children, the religion of whose parents is unknown, the same power in regard to the religious education of such children, as is possessed by the Guardians, godfathers, or godmothers of orphans.

Section 12 is intended to remove doubts which have existed as to the liability of unoccupied buildings to be rated to the poor rate, and provides that such buildings shall be exempt from rating if unoccupied

during the whole of the period for which the rate is intended to serve; but that, if occupied during any part of such period, they shall be proportionably charged. In order to carry out the provisions of this section, it will be necessary for the Guardians to be very particular in framing their estimates for future rates, to determine the period for which such rates are intended to serve. It will be observed that this section applies exclusively to buildings, and that no alteration is made in the law in regard to the rating of land.

By the 13th section, the prior claim to the collection of the poor rates, which was given to County Cess Collectors by the 73rd section of the Irish Poor Relief Act, is abolished, and consequently the legal necessity which heretofore existed for making fresh appointments of Collectors for each successive rate no longer exists.

Clauses 15 to 22 and clauses 24 and 25 relate to the election of Guardians, and to qualifications and disqualifications for that office. The Commissioners have under their consideration the alterations which will be necessary in the general election regulations, in consequence of these enactments.

The 23rd clause provides for the burial of persons dying unknown; and, as it enables the Relieving Officer to act in certain cases (with the sanction of the Guardian for the Electoral Division), without waiting for directions from the Board of Guardians, a copy of this section should be communicated to each Relieving Officer in the Union, for his information and guidance.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

No. 4.—ADMISSION OF "POOR PERSONS" AND MEMBERS OF THE CONSTABULARY FORCE, FOR MEDICAL TREATMENT.—CIRCULAR TO BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
August 18, 1862.

SIR,

Adverting to that part of the circular letter of the 14th instant, on the subject of the provisions of the Poor Law Amendment Act, which relates to the power given to Boards of Guardians to admit "poor persons" and members of the Constabulary Force to the Infirmary or Fever Hospital of the Workhouse, and to the separate register which is required to be kept of persons so admitted, who claim, on admission, to repay the cost of their maintenance therein, and of Constables and Sub-Constables so admitted, the Commissioners for administering the Laws for Relief of the Poor in Ireland now forward to you a form of separate register which they have caused to be prepared, in accordance with the provision referred to, and desire to state that Mr. THOM, of Abbey-street, is prepared to furnish Register Books in this form.

It will be observed that the persons claiming to repay the cost of their maintenance are to be charged, according to the 6th section of the Act, the full average cost thereof as thereinbefore stated; and, according to the 4th section, this appears to be "the average of the general cost of maintenance, medical and surgical treatment, in such hospital or infirmary;" and it appears to the Commissioners that the proper elements for determining this sum to be charged in each individual case of this class are:—

1. The actual daily expenditure on maintenance in the Infirmary or Fever Hospital, as the case may be; the calculation per head to be made on the number in each department separately;

2. The daily amount of the Workhouse Medical Salaries ;
3. The daily cost of medicines and medical and surgical appliances.

The calculation per head to be made for items 2 and 3 on the collective number in both departments.

In regard to the Constabulary, it will be seen, by the 5th section, that they are to be charged with "the full average cost of daily maintenance and establishment charges, medical and surgical treatment, in such Hospital," and in these cases, therefore, in addition to the average daily charge for maintenance, a sum must be included for "establishment charges," which must be taken to mean all the ordinary establishment charges incidental to the management of the Workhouse, including daily proportion of the salaries of all Workhouse officers ; the calculation per head for maintenance to be made on the number in the Infirmary or Fever Hospital, as the case may be ; and the calculation per head for "establishment charges" to be made on the total number of inmates of the Workhouse.

It is obvious that, on recovery of any charge, credit must be given to the Union for that part of it which consists of establishment charges, and to the Electoral Division or Union, as the case may be, for that which consists of maintenance only.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

August 25, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have, for some time past, had their attention called to the subject of clothing in the Fever Hospitals attached to the Workhouses, and to the expediency of adopting some definite rule in regard to the dress to be worn therein by convalescent patients.

The recent extension of the power of the Guardians to afford Hospital and infirmary relief, coupled with the provisions for admitting a paying class of patients, has given additional importance to the subject.

After much consideration, the Commissioners have come to the conclusion that persons in Fever Hospitals ought not, under any circumstances, to be permitted to wear their own clothes; and that a simple and cheap form of Hospital dress, such as is provided in Military Hospitals, but having nothing in common with the ordinary dress of the healthy Workhouse inmates, should be provided for the use of all patients of whatever class they may be.

The recent Act, while it provides for a separate registration of persons claiming to pay the entire cost of maintenance and treatment, and of members of the Constabulary Force, does not appear to contemplate any other way of discriminating between the different classes of patients; and the result of the proposed change will be that, while persons who pay for maintenance and treatment, and who are therefore not to be disfranchised as recipients of relief, are provided with Hospital clothing, having nothing in common with the ordinary Workhouse dress, persons of a poorer class, and not able to pay for maintenance and treatment, will, when admitted to Hospital, wear the same Hospital dress as the paying class of patients.

This appears to the Commissioners, on the whole, the best course to adopt; and they recommend the Guardians to appoint a Committee to confer with the Medical Officer or Medical Officers, and to report to the Board as to the best mode of carrying out the suggestion in regard to the Fever Hospital; or, when there is no such separate Hospital, to that part of the Workhouse which may have been appropriated to the reception and treatment of persons suffering from dangerous contagious disease.

The question of the necessity or propriety of extending the same arrangement to the Infirmary of the Workhouse is still reserved for further consideration.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

No. 6.—APPOINTMENT of POOR RATE COLLECTORS.—CIRCULAR to BOARDS of GUARDIANS.

Poor Law Commission Office, Dublin,
August 28, 1862.

SIR,

Adverting to their Circular Letter of the 14th instant, the Commissioners for administering the Laws for Relief of the Poor in Ireland are desirous of drawing the attention of the Board of Guardians specially to the provisions of the 13th section of the Act 25 and 26 Vict., cap. 83, relating to Poor Rate Collectors.

By the section referred to, those provisions of the 73rd section of the

F

Act 1 and 2 Vict., cap. 56, which gave to Collectors of County Cess a right to claim the collection of the poor rates in the districts for which they collected the county cess, are repealed; and Boards of Guardians, from and after the passing of the recent Act, are empowered, subject to the approval of the Commissioners, "to appoint, from time to time, such and so many persons as they may deem expedient to collect and levy the Rates" made on the several Electoral Divisions of the Union.

In cases in which Collectors have been appointed for the collection of current rates, before the Act 25 and 26 Vict., cap. 83, was passed, such Collectors being also Collectors of County Cess, will be at liberty, as heretofore, to avail themselves, in collecting the poor rates, of the assistance of their deputies.

But where the appointment of Collectors of Poor Rate takes place after the passing of the Act, Collectors of County Cess, if appointed, will be bound to collect the rates in person and not by deputy, in like manner as any other persons who may be appointed Collectors, in accordance with the proviso to Article 43 of the General Regulations Order.

It appears desirable also to point out that in cases where Collectors are already appointed for the collection of current rates, their appointments will cease and determine at the time when their collection of the current rate is closed and the warrant withdrawn, as they have been appointed specifically to collect that rate, and not as continuing officers under the provisions of the recent Act.

With regard to appointments hereafter to be made of Collectors of Poor Rate, it is the intention of the Commissioners to extend to those officers the provisions of Article 41 in the General Regulations, by rescinding the proviso to that Article which excepts Poor Rate Collectors from its operation, whereby such appointments will hereafter be considered to be made permanently.

By order of the Commissioners,
B. BANKS, Chief Clerk.

To the Clerk of each Union.

NO. 7.—RATING UNOCCUPIED BUILDINGS.—CIRCULAR to BOARDS of GUARDIANS.

Poor Law Commission Office, Dublin,
August 28, 1862.

SIR,

Adverting to their Circular Letter of the 14th instant, transmitting a copy of the recent Poor Relief (Ireland) Act for the information of the Board of Guardians, the Commissioners for administering the Laws for Relief of the Poor in Ireland desire to draw the particular attention of the Guardians to that part of the 12th section of the Act, relating to the rating of unoccupied buildings, which enacts "that, from and after the passing of this Act, the Guardians shall, in making every rate for the relief of the destitute poor, specify on the face thereof the period for the service of which the rate is estimated to provide."

The Commissioners think that this enactment will best be complied with by inserting at the head of the rate, after the poundages, the words, "this rate is estimated to provide for the service of a period of _____ calendar months, commencing from _____."

It may be found expedient hereafter to issue a new form of rate for the use of Boards of Guardians; but as it is desirable that no unnecessary delay should take place in signing rates already in course of preparation, the Commissioners think that the form at present in use may be made available by inserting the words specified above.

The Commissioners desire, at the same time, to point out to the Guardians that, in order to afford greater facility to the Clerk of the Union and the Collectors for ascertaining the sums which persons falling within this provision of the Act may be liable to pay, it will be desirable that the estimates of future rates should be framed so as to provide for the service of periods corresponding with the financial year or half-year, and terminating on the 25th March or 29th September, as the case may be.

By order of the Commissioners,

D. BANKS, Chief Clerk.

To the Clerk of each Union.

NO. 8.—ELECTION OF GUARDIANS: CHANGES MADE IN THE LAW BY THE ACT 25 & 26 VIC. c. 83.—CIRCULAR TO RETURNING OFFICERS.

Poor Law Commission Office, Dublin,

October 11, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to draw your attention to those provisions of the recent Poor Law Amendment Act (25 & 26 Vic., c. 83), which relate to the election of Guardians and to the qualification for the office of Guardian:—

Section 15 requires that the statements to be given by persons claiming to vote in respect of property not in their actual occupation, or to give additional votes in respect of beneficial interest in respect of property occupied by them, shall contain more precise and definite information regarding the property than has hitherto been required. The statement must comprise the following particulars:—

1. The name and address of the ratepayer.
2. The description and local situation of the property, specifying—in cities, towns, and their suburbs, having streets and other roadways—the name of the street or roadway, and the number of the house or tenement, if any, and the parish in which the property is situate; and, in other places, the barony, parish, and townland.
3. The nature of the ratepayer's interest in the property.
4. Its net annual value over and above all rents payable by him.
5. The amount of rent payable to him.
6. The names of the tenants or occupiers by whom Poor Rates have been deducted from such rent.

Every claim to vote, whether by the ratepayer or his proxy, must be executed in the presence of a Justice of the Peace.

The Commissioners have caused the existing forms of claim to be revised in accordance with these provisions; and they enclose copies of the revised forms (A 1, A 2, and B 1 & 2),* for your information. The Commissioners have to observe, however, that the use of these forms is not compulsory upon the parties making statements, and that any form which contains all the particulars required by the Act of Parliament will be sufficient.

By the 16th section of the Act it is provided that no claim to vote either in person or by proxy shall continue in force beyond the period of five years from the date on which the statement has been given; and further, that no person shall be entitled to vote as proxy for more than twenty owners in any one Electoral Division or Ward, unless he be a

* See forms, page 40-42.

Steward, Bailiff, Land Agent, or Collector of Rents for the owners of property for whom he may be appointed to vote.

The 17th section enables owners or immediate lessors of property, who are rated under the 1st and 4th sections of the 6th & 7th Vic., c. 92; the 63rd section of the 12th & 13th Vic., c. 91 (which relates only to the city of Dublin); and the 10th section of the 12th & 13th Vic., c. 104, to vote in person or by proxy "in the same manner as occupiers paying no rent or paying rent less than the net annual value of the rateable property," provided that every such owner, or immediate lessor, or his proxy, shall have lodged a statement, in the manner provided with reference to persons claiming to vote in respect of property not in their actual occupation.

It appears to the Commissioners that it will be the most convenient course to keep claims to vote under this section distinct from other claims to vote; and they have accordingly prepared separate forms (C 1 and C 1 & 2),* applicable to this class of cases, copies of which are herewith enclosed.

Section 18 provides that no person shall be entitled to vote in respect of rent received, for any greater amount of rent than the annual value of the property out of which the claim arises, according to the valuation in force for the time being. It will be necessary, therefore, for the Returning Officer, in all cases of this kind, to refer to the valuation on which the last rate made before the election is based; and, if he finds that the rent exceeds the valuation, to arrange the number of votes according to the valuation.

The 19th section extends the disqualification on account of non-payment of rates made six months or more before the time of voting—which had previously existed in regard to "occupiers paying rent"—to all occupiers, and to owners and immediate lessors rated instead of the occupiers, or in respect of rent received for property exempt from rating as being used for public or charitable purposes.

The 20th section requires that when one person is elected for two or more Electoral Divisions, Electoral Districts, or Wards, he shall notify to the Returning Officer which of such Divisions, Districts, or Wards he will act for, which notification is to be transmitted to the Commissioners by the Returning Officer, and the Commissioners are thereupon to provide for a new election in the other of such Divisions, Districts, or Wards.

The 21st section prohibits any member of a Board of Guardians from acting professionally as a solicitor, either for or against the Board of Guardians, under a penalty of £100 with full costs of suit.

The 22nd section disqualifies paid officers engaged in the administration of relief to the poor, or under the Medical Charities Act, and persons who having been such paid officers shall have been dismissed from such offices within five years previously, and all persons receiving any fixed salary or emolument from the poor rates, from serving as Guardian.

By the 24th section it is provided that when no nomination of a Guardian shall have been made for any Electoral Division the Guardian or Guardians for such Electoral Division shall remain in office for the ensuing year.

The 25th section applies to cases where Electoral Divisions are divided into Wards, in which cases the number of votes that could be given by a ratepayer in all the wards, if he had property in all, was formerly limited to the number of votes which he would have been entitled to in the Electoral Division if it had not been divided into Wards; by this section, however, it is provided that ratepayers in Wards shall be entitled to vote in such Wards on the same scale as if they were Electoral Divisions.

It will probably become necessary, in consequence of the changes in the law above described, to make some alteration in the existing election

* See forms, page 43-44.

regulations, and the Commissioners have that subject under consideration with a view to issuing the necessary order before the time for the next annual election arrives; meantime, however, as they have reason to believe that inquiries are being made upon the subject, especially with reference to the new form of statement of claim, the Commissioners have thought it right to transmit the enclosed forms for your information, and to point out the various changes in the law regarding the election of Guardians, which have been made by the Poor Law Amendment Act of last Session.

By order of the Commissioners,

To each Returning Officer.

B. BANKS, Chief Clerk.

No. 9.—STATEMENTS OF CLAIM TO VOTE.—CIRCULAR TO RETURNING OFFICERS.

Poor Law Commission Office, Dublin,

November 3, 1862.

SIR,

Adverting to the Circular Letter of the 11th instant, and to the forms of claim to vote which accompanied it, the Commissioners for administering the Laws for Relief of the Poor in Ireland desire to state that it has been suggested to them that some misapprehension may possibly arise in regard to the forms (C 1 and C 2 & 3), for claims to vote in respect of property for which the parties claiming are rated as owners or immediate lessors, from the circumstance that columns have been introduced in those forms to show the amount of rent receivable, and the annual amount of net rent, in respect of the property for which the claim is made, those particulars having no bearing upon the number of votes to be allowed, which must be regulated exclusively with reference to the net annual value, according to the valuation in the Rate-book, and the rent payable.

The Commissioners think it right, therefore, to state that the columns referred to were inserted for the purpose of enabling the party claiming to show, as he is required to do by the 15th section of the 25th & 26th Vic. c. 83, the net annual value of his interest in the property over and above all rents payable by him, and that in determining the number of votes to be allowed in respect of any such claim the Returning Officer need not refer to those columns at all, but must be guided by the valuation and the rent payable.

The Commissioners take this opportunity of stating that several inquiries have been made whether claims lodged before the passing of the Act 25 & 26 Vic. c. 83, continue in force, and that they are clearly of opinion that such claims, unless they contain the particulars required by the 15th section of the Act, and are executed in the manner required by that section, cannot be acted on in future elections.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Returning Officer of each Union.

No. 10.—ELECTION OF GUARDIANS: INSTRUCTIONS.—CIRCULAR TO RETURNING OFFICERS.

Poor Law Commission Office, Dublin,

January 16, 1863.

SIR,

1. It having been deemed necessary, in consequence of the changes made in the law relating to the election of Guardians, by the Act of last session, 25 and 26 Vic. c. 83, to revise the General Order relating to the

Election of Guardians, dated 26th January, 1852, the Commissioners for administering the Laws for Relief of the Poor in Ireland, now transmit to you a sealed copy of an amended General Order dated the 2nd instant, regulating the conduct of future Elections of Guardians in the several Unions in Ireland.

2. This Order rescinds the Order of the 26th January, 1852, as well as all previous Orders, except such portions thereof as may have appointed the Clerk for the time being to be the Returning Officer, and may not have been rescinded by any subsequent Order; and except such portions thereof as may have fixed the value of the qualification for the office of Guardian, and may not have been rescinded or altered by any subsequent Order. Under Article 1 of the enclosed Order, therefore, the Clerk for the time being (except in cases where the Order appointing the Clerk may have been rescinded) will continue to be the Returning Officer, and the same Article, it will be seen, provides for the performance of the duties of Returning Officer, in case of vacancy in the office of Clerk, or in case of the Clerk being prevented by sickness or accident, or other sufficient cause, from the performance of his duties, the Guardians being empowered, in either of those events, to appoint some person to perform such of the duties imposed by the Order upon the Returning Officer as shall then remain to be performed.

3. Under Articles 3, 12, 14, 22, and 34, of the accompanying General Order, the Collectors of Poor Rate in the Union are to assist the Returning Officer as heretofore in the election, at the times and for the purposes therein indicated. These regulations impose no fresh duties on the Collectors, but it will be proper for you to call the attention of each of them to those regulations before the next election takes place.

4. The Police who may be employed as heretofore, in posting the notices of the election and in distributing and collecting voting papers, will receive their instructions from their own superior officers; but in case their services in any instance should not be available in sufficient number for the latter duty, the Returning Officer should take care to furnish any other persons who may be employed by him, in pursuance of Article 2 of the General Order, for the distribution and collection of the voting papers, with proper lists and instructions for their guidance, in accordance with Articles 18, 19, 21, 23, 24, and 28, of the Order.

5. Where it has happened in previous elections that the assistance of the Police has not been available, or has not been available to sufficient extent, for the distribution and collection of voting papers within the prescribed period, the Commissioners have in some instances received applications for their sanction to the employment of the Collectors of Poor Rates or their assistants, and of Relieving Officers, in this service, where it may be necessary to issue voting papers. It is desirable that, where practicable, this duty should be performed by responsible officers; and as it will, according to the regulations, occupy only two or at most four days, and will therefore not cause any material interruption of the ordinary duties of the Union Officers referred to, the Commissioners are prepared to sanction their being employed to assist in performing the duty in question, provided the Board of Guardians permit them to be so employed, for which permission it will be your duty, where necessary, to apply. If the services of the Police and Union Officers should not be available or sufficient, you will have to employ other trustworthy persons acquainted with the respective localities, as far as practicable, in accordance with the regulation contained in Article 2 of the General Order. But you will first take care to ascertain whether you can obtain the services of the Police in sufficient number or not, before you employ any other persons; and you will only resort to the employment of the officers of the Union or

other persons, in case you cannot obtain the assistance of the Police in sufficient number.

6. Should some additional assistance be necessary for enabling you, in case of contests, to prepare the requisite lists of voters, and complete the proceedings in the election at the times prescribed by the General Order, the Commissioners will be prepared to sanction such assistance for so long as may be absolutely requisite, on receiving a communication from you, setting forth the circumstances which render the application necessary, the particular purposes for which assistance is required, and the extent of assistance required.

7. One of your first duties will be to issue the notice of the election, which is to be posted on the 25th February. The notice is to set forth the names of the Electoral Divisions, the qualification and number of Guardians to be elected for each, with other particulars prescribed in the General Order. You should, in due time before the 25th February, give notice of application to the Constabulary for their assistance in posting the notices, as heretofore; and you will afterwards forward the copies of the notices to the proper Constabulary stations. Due notice should likewise be given to the Constabulary when it becomes necessary to apply for their services in the distribution and collection of voting papers, apprizing them of the probable extent of the duty to be performed.

8. The following are the days upon which the several proceedings in the ensuing election are to be taken, in pursuance of the Order:—

25th February.—Issue of Notice of Election. (Art. 9.)

4th March.—Last day for receiving Nomination Papers, which can be received up to 5 o'clock, p.m., on that day. (Art. 11.)

9th March.—List of Candidates to be prepared and forwarded: (Art. 15).—List of Voters to be prepared in case of contest.

The last day for receiving Statements of Claim to Vote, and Appointment of Proxies (6 & 7 Vic., c. 92, § 24, and 25 & 26 Vic., c. 83, § 15)—so as to be available in this Election, will be the 20th February; and in case of contests, the Lists of Ratepayers making Statements are to be made up to that day. (Art. 18.)

12th March.—Application to be made to Constabulary for assistance in distributing Voting Papers, where necessary, which should afterwards be transmitted to them, with the List of Voters, in due time for distribution on the day prescribed for the purpose.

17th March.—List of occupying Tenants who are entitled to vote, having paid Rates required to be paid, is to be made up to this day. (Art. 22.)

18th March.—Day for issuing Voting Papers, and following day if needed. (Art. 21.)

20th March.—Day for collecting Voting Papers, and following day if necessary. (Art. 28.)

21st March.—Time for applying for Voting Papers, where not duly received by persons entitled, expires. (Art. 29, 30.)

23rd March.—Time for delivering to Returning Officer Voting Papers that may not have been duly collected, expires. (Art. 31.)

25th March.—Return of Guardians to be made, (Art. 35); or within fourteen days thereof. (Art. 36.)

9. Previously to the commencement of the election you should procure the requisite supply of the forms prescribed for use in the election. With regard to the notices of the election (Form E₁) the Commissioners have thought it advisable to direct that the copies of that notice should be printed and transmitted to you from this office, as usual, and the same number of copies as was forwarded to you last year will accordingly be transmitted to you in due time, for posting and distribution according to Article 9 of the General Order. If, however, you should be of opinion that the number of copies printed last year was greater or less than will be required for the present year, you will be good enough to report the fact immediately, stating the number which you consider necessary. In the absence of any communication from you before the 25th instant, the same number as was furnished last year will be provided.

10. With regard to the other forms, steps should be taken in due time to provide a sufficient supply of those which may be required for carrying on the election, as prescribed by the General Order. The Forms can be procured from Mr. THOM, of 87, Abbey-street, Dublin; but should you employ any other printer, it will be necessary for you to compare the several forms carefully with those prescribed in the General Order, as you will be responsible for their accuracy; and it is advisable that you should ascertain and compare the prices at which they are procurable, before you order them.

11. A placard, containing a description of the Electoral Divisions in the Union as at present constituted, to be posted in case of contest, as heretofore, should be prepared, and a sufficient number of copies thereof for posting obtained when necessary, in like manner with the voting papers.

12. The Forms (A 1, A 2, B 1 and 2, C 1, and C 2 and 3,) for statements of claims to be entitled to vote, and appointments of proxies with their applications, and the statements of corporations and joint-stock companies, are to be supplied, free of charge (on application made to you), to any persons, or corporations, or companies, respectively, who may require them for their own statements or applications. It would not be expedient to make a more general distribution of these forms.

13. With regard to the registry of such statements and appointments in the proper books (Forms D 1, 2, 3, 4, 5), the Commissioners request the special attention of the Clerk and Returning Officer to Articles 4 and 5 of the General Order, and to the duties assigned to those officers in respect to the same, under the provisions of the Statutes and under Articles 6 and 8 of the Order.

14. The provisions of the Acts relating to such statements and registers are contained in § 84 of 1 & 2 Vic., c. 56, as amended by § 24 of 6 & 7 Vic., c. 92, and § 15 of the 25 & 26 Vic., c. 83, to which your attention is requested, as well as to § 26 of the 6 & 7 Vic., c. 92. The 15th sec. of the 25 & 26 Vic., c. 83, sets forth the particulars required to be given in such statements, which must be lodged one calendar month before the owner or immediate lessor, or his proxy, can vote as such; and the 84th sec. of the 1 & 2 Vic., c. 56, requires that the Guardians, or the person acting as Returning Officer, should register such statements in manner therein provided. If at any election the Returning Officer have reasonable cause to doubt the correctness of a claim to vote, made by any person in respect of net rent, the Returning Officer is required by the 26th sec. of the 6 & 7 Vic., c. 92, not to admit such person to vote, until he shall have produced evidence, to the satisfaction of the Returning Officer, of the amount of such rent.

15. Inconvenience and irregularity, it is believed, have occurred in some instances from the discovery, at the time of an election, of errors or defects in the registry prescribed, from omission of statements therein, or from retaining on record the statements of persons deceased, or from other causes, where the original statements, owing to changes of officers or other circumstances, are not themselves forthcoming. The changes made by the Act of last session, in regard to the particulars required to be furnished, will render the statements and registers then existing unavailable, and the Commissioners request, therefore, that you will at once provide yourself with the new forms of register, and duly enter therein all the new statements and appointments which you may have received, or may receive, before the time of the election, so that they may be perfected before the approaching election takes place.

16. The Commissioners take this opportunity to observe, that although an owner or proxy is not entitled to vote until one calendar month after

he shall have made the prescribed statement or appointment, it is not necessary that he should make or renew such statement, &c., a month before each election; but they continue in force for five years from the date on which they have been given, provided the parties remain in possession of the interests described therein; and provided, in the case of a proxy, that the appointment is not sooner revoked, or the owner himself resumes the exercise of his right to vote, or either of the parties dies.

17. Any such statements, &c., should be duly preserved; and in case there be reason to believe that any that may have been already lodged have not been handed over to you by any previous officer, or not registered, you should make inquiry of such officer, or otherwise endeavour to obtain them, and forthwith see that they be recorded in the proper form of Register Book, and that the directions in the above-mentioned Articles of the Election Order be duly complied with.

18. The Returning Officer is not bound, under Article 23 of the Election Regulations, to cause any voting papers to be delivered out of the Electoral Division or Ward for which it may be necessary to issue voting papers; and if the places named for the reception of voting papers, by the owners or proxies who have made statements, be not in any case within the respective Divisions or Wards in which the properties are situate, you should immediately communicate with such parties, and request them to name a place within the Division or Ward, and point out to them that otherwise they can only vote in manner provided in Article 29 of the Election Regulations; and you should apprise the parties concerned as above of the substance of the regulation contained in that Article.

19. A practice appears to have been adopted by the Returning Officer in some instances, of marking on each of the voting papers, in addition to the number directed by Article 19 of the Election Regulations, the name of the person for whom it is issued, or his name and address; and in the case of a proxy, the name of the proxy, as well as that of the person for whom he is proxy. The Commissioners think it right to point out, that the Returning Officer is not required by the regulations to endorse the name of any party on the voting paper, and the practice has been found in some instances to lead to error. It seems advisable, therefore, that the Returning Officer should not, in this respect, do more than he is required to do by the 19th Article of the Election Order, viz.:—to prepare lists containing the number of each paper, and the name of the place at which it is to be left, and to endorse each paper with its proper number corresponding to that in the list.

20. The Returning Officer should take care to make himself well acquainted with the regulations contained in the General Order, before the election commences. With a view to general convenience and economy, the business of the election is to be transacted, as far as possible, at the Board-room of the Guardians, and within the hours of ten and five o'clock in the day. The Returning Officer is to attend daily (except on Sundays) at the place appointed, from the date for the issue of the notice, to the last day for receiving nomination papers, inclusive, to afford information to persons requiring it; and likewise during the period from the first day for the collection of voting papers, until the examination of the votes and the return of the Guardians elected shall have been completed, (see Articles 29, 30, 31, 34, 35, and 36); and also at all such other times during the progress of the election, as may be necessary for the due performance of his duties, as directed in Article 32. In reference to the examination and casting up of the votes (Article 34,) the Commissioners are not prepared to deprive the Returning Officer of a discretion in regard to the admission or exclusion of strangers, inasmuch as the exercise of such a

discretion may, on some occasions, be necessary to the proper discharge of his duty, but on the other hand the Commissioners think that if the Returning Officer excludes from the examination of the voting papers for a particular Electoral Division, either the candidates for that Electoral Division or those who proposed them, he should be prepared to show some urgent reason for a step which, generally speaking, would seem to be unnecessary and unreasonable; but the Commissioners do not think it desirable that the privilege of being present during the examination of the votes, should be extended to Rate-payers generally.

21. Your special attention is requested to your duties as Clerk of the Union under the regulations contained in Articles 37 and 38 of the General Order. Under the former of those Articles you are, immediately on the return of the new election of Guardians being completed, to transmit to each member of the Board of Guardians for the previous year, including Ex-Officio Guardians and out-going Guardians, as well as any who may be re-elected, a notice in the Form L, apprising them of the names of the several Guardians elected for the ensuing year. The object of this regulation being chiefly to obviate the inconvenience of any Guardian attending at any meeting of the Board after his year of office has expired, you should take care that this notice is transmitted without any delay, on the completion of the return. Under Article 38, you are likewise to transmit to every Guardian elected for the ensuing year, whether previously a Guardian or not, a notice in the form, marked M in the General Order, and to every Guardian who may continue in office, under the 24th section of the 25 and 26 Vic., c. 83, in consequence of no nomination having been made for the Electoral Division, a notice in the form, marked N, in that Order. Under the 20th section of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, the annual election of the Guardians is to be completed on the 25th March, or if that day should fall on Sunday or Good Friday, then on the day next following, or within fourteen days next after such 25th day of March; and the section further declares that, "immediately upon their election, the Guardians previously elected by the Rate-payers of any Union shall go out of office." You should, therefore, issue the Notices L, M, and N, according to the regulations, immediately on the return being made, so that the first meeting thereafter may consist of the members of the new Board, in accordance with the Act. The issue of these notices is not to be delayed until a meeting of the Board of Guardians shall have been held, but a certified copy of the return is to be laid before the Board at the first meeting after such return is made. The Commissioners take this opportunity of again calling your attention to the several changes which have been made in the law relating to the election of Guardians by the Act 25 & 26 Vic., c. 83. Those changes are described in the Commissioners' Circular Letter of the 11th October last, a copy of which is enclosed.*

22. Immediately on the close of the election an account of the expenses of the same is to be transmitted to the Commissioners for examination and sanction, in a Form which will be forwarded to you for the purpose.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of the _____ Union,

Returning Officer of the said Union.

11.—QUALIFICATION OF MEDICAL OFFICERS OF WORKHOUSES :—
CIRCULAR to BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
October 14, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had under their consideration that part of the General Regulations which relates to the qualification for the office of Workhouse Medical Officer, and have thought it right to make some alteration in the qualification therein required.

A copy of a General Order which they have accordingly issued is forwarded, herewith, by which the Guardians will perceive that the qualification required for future appointments is as follows :—

- A Degree or Diploma in Medicine ;
- A Diploma in Surgery ;
- A Certificate in Midwifery ;

and that the person appointed shall have attained the age of 23 years.

It will be seen, also, that the Commissioners have reserved to themselves the power of dispensing with that part of the qualification which requires a separate Medical Certificate or Diploma in any case in which, under special circumstances, it shall appear to them necessary to do so ; and that the new regulation is not to apply to any person holding the office of Workhouse Medical Officer at the date of the Order.

The Guardians will, probably, think it right in advertising for Medical Officers in future, to make known the double qualification now required.

The Commissioners have made a similar change in regard to the qualification for the office of Dispensary Medical Officer ; and a copy of the General Order by which this change is made is also enclosed.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

12.—QUALIFICATION OF MEDICAL OFFICERS :—CIRCULAR to
BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
January 15, 1863.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith a copy of a General Order which they have issued, extending, in some respects, the provisions of the General Order of the 10th October last, regarding the qualification for the office of Medical Officer of a Workhouse ; and the Commissioners desire, at the same time, to observe, that the terms of the Order of the 10th October, had been found to exclude from competition parties whom it had not been intended so to exclude, and this circumstance has caused a necessity for the present Order.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

13.—SPECIAL TREATMENT FOR DISEASES OF THE EYE :—CIRCULAR
to BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
January 16, 1863.

SIR,

With reference to the provision of the 7th section of the Poor Law Amendment Act of last Session (25 & 26 Vic. c. 83), which enables Boards of Guardians to send inmates of Workhouses, in cases requiring

special treatment, to hospitals or infirmaries, and to pay for the cost of the maintenance and treatment of the person so sent, and the cost of their conveyance to and from such hospitals or infirmaries, the Commissioners for administering the Laws for Relief of the Poor in Ireland desire to state, that they have received a communication from the Governors of St. Mark's Ophthalmic Hospital, Dublin, from which it appears that they are willing to receive pauper patients, labouring under diseases of the eye, at the rate of nine pence per day, or five shillings and three pence per week, provided that the cost of sending such patients back to their respective Unions be lodged at the time of their admission, that the usual admission tickets are applied for, and that the other rules and regulations of the hospital are complied with.

The Commissioners find by the last Annual Report of the Institution, that the Governors specially request benevolent persons, seeking to procure admission for patients from the country, "to have such patients, when possible, examined, in the first instance, by medical men in their vicinity, so as to learn the nature of their disease, and whether the patients are likely to be benefited by treatment in hospital;" and, further, that the medical statement may "be forwarded to the officers of the hospital, together with an inquiry as to when the person can be admitted."

Should the Guardians in any case desire to send an inmate of the Workhouse to this hospital, the above request should be particularly attended to; the examination will, of course, in the case of a Workhouse inmate, be made by the Medical Officer of the Workhouse.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

14.—REVISED FORMS OF HALF-YEARLY ABSTRACTS OF UNION ACCOUNTS:—CIRCULAR TO BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,

March 13, 1863.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, forward, herewith, revised Forms of the Half-yearly Abstracts of the Union Accounts, Forms 4 and 5 *a* and *b*, which they require to be adopted, commencing with the accounts of the current half-year.

This revision of the forms has been rendered necessary by the changes made in the law by the Poor Law Amendment Act of last Session, 25 & 26 Vic., c. 83; and the Commissioners have taken the opportunity of making some other alterations in, and additions to, the Forms which have been considered desirable.

The following is a statement of the alterations or additions made in Forms 4 *a* and 4 *b*:—

Form 4 A.

1. Columns have been inserted for entry of the number of blind and deaf, and dumb, maintained by the Board of Guardians in asylums, with a summary at foot.

2. A note is added to the Summary of In-door Paupers relieved, for the purpose of distinguishing the number of persons who were sent to hospitals not under the control of the Board of Guardians, under the 18th section of 6 & 7 Vic., c. 92, or the 7th section of 25 & 26 Vic., c. 83. The power to send persons to extern hospitals, is limited to persons who are already inmates of the Workhouse; and as such persons are already entered on the Workhouse Register, and, of course, will therefore be included in the proper column of the Abstract, it has been thought

preferable to show the number of cases of this class in a note, rather than by the introduction of a special column for them, which might lead to their being twice entered on Form 4 *a*, and to an erroneous total being thus produced.

3. The average weekly cost per head, hitherto shown on Form 4 *a*, is now transferred to Form 5 *b*, attached to the table showing the particulars of the in-maintenance, as being the more appropriate place.

4. Under the out-door portion of the statement, an additional column has been inserted for orphans or deserted children out at nurse, under the 9th section of 25 & 26 Vic., cap. 83, and the summary of out-door paupers relieved has been extended, so as to embrace this class.

5. A column has been inserted to show, without classification, the number provisionally relieved by the Relieving Officers, and not included in previous columns.

Form 4 B.

The names and salaries of Officers of Dispensary Districts are to be entered thereon.

The following alterations or additions have been made in the Forms 5 *a* and 5 *b*.

Names of Electoral Divisions to be arranged in alphabetical order in both Forms.

Form 5 A.

A slight alteration has been made in the heading of the third and sixth columns, so as to show more clearly that those columns relate exclusively to rates which were made during the half-year.

Form 5 B.

1. An additional column has been inserted on the discharge side of the Abstract, following those showing the cost of out-door relief, for the entry of the cost of maintenance of paupers in deaf, and dumb, and blind asylums, and for paupers sent to extern hospitals. A foot note is also added to distinguish the cost of the several classes so relieved.

Up to the present time, the cost of paupers in asylums has generally been included with the in-maintenance of paupers, but as the Form 4 *a* shows only the collective number of days of relief in the Workhouse, and does not include the days of relief in asylums, the effect of combining the cost of relief in asylums with the cost of relief in Workhouses, is to offer an obstruction to the testing of the accuracy of the apportionment of the cost to the several Electoral Divisions, and to cause a calculation of the average weekly cost, per head, based on the total collective days in the Workhouse, to be inexact. By the amended Form, these difficulties will be removed.

With regard to paupers or patients who are sent to asylums, or to hospitals not connected with the Workhouse, it is desirable that all such persons should be entered as discharged in the Register, and should also be excluded from the other Workhouse books.

2. In the column on the charge side of the Abstract, headed "Repayment of Relief," it is intended that the amount received not only from paupers relieved by way of loan, but from persons who, under the 4th and 6th sections of 25 & 26 Vic., c. 83, pay their own cost, and Constabulary patients who also pay their own cost, under the 5th section of the same Act, should be included; and a small table has been added at foot to distinguish the amounts received from the several classes mentioned.

3. The column on the discharge side of the Abstract previously in use, headed "Relief by way of Loan," has been omitted—such cost will all be included under the head of In-maintenance and Clothing, and the extent of such relief will be sufficiently shown on the charge side.

4. In the small table (c) showing the particulars of In-maintenance and Clothing, an additional column has been placed for the average weekly cost, this being a more appropriate place than that on Form 4 a.

5. A slight alteration has been made in the arrangement of the items in the table of the Establishment Charges.

6. The small table (d) showing the amount of out-door relief, has been enlarged so as to distinguish the cost of orphans and deserted children sent out to nurse, under the 9th section of 25 & 26 Vic., c. 83.

7. The column for "Expenses of Valuing or Revising Valuations," has been omitted; any expense of this nature will henceforward be placed in the column headed, "Elections, Law, and other Expenses."

8. The table (g) showing the particulars of the column for "Elections, Law, and other Expenses," formerly in two portions, has now been combined.

9. In the table at foot of the Abstract, in the position of that which formerly showed only the liabilities of the Union, it is now intended to show the assets, as well as the liabilities of the Union; the new table being, in fact, a condensed Balance Sheet, by which the financial state of the Union will be clearly shown.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

No. 15.—REMOVAL OF POOR PERSONS FROM SCOTLAND TO IRELAND.—CIRCULAR TO BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
March 14, 1863.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have recently had before them several cases of removals of poor persons from Scotland to Ireland, and they find that the changes made in the law in regard to such removals, by an Act of last Session (25 & 26 Vic., c. 113), do not appear to be generally known; they, therefore, deem it right to state, for the information of the several Boards of Guardians in Ireland, the provisions of the Act in question, so far as they affect removals from Scotland to this country.

Previously to the passing of the Act referred to, removals from Scotland were conducted under the authority of the 77th section of the Scotch Poor Law Act (8 & 9 Vic., c. 83), which authorized the removal of poor persons born in Ireland, and not having acquired a settlement in any parish or combination in Scotland, and being in receipt of parochial relief, but did not contain any provisions by which the place in Ireland to which they were to be removed could be determined. The Act of last Session appears to be intended to remedy this defect, and contains provisions very similar to those of the Act 24 & 25 Vic., c. 76, relating to removals from England, a copy of which was forwarded with the Commissioners' Circular Letter of the 23rd August, 1861. The provisions of the Scotch Act of last Session so far as they relate to Ireland, are as follow :—

No application for a warrant ordering a removal from Scotland is to be granted except by the Sheriff or two Justices of the Peace of the county in which the parish to which the poor person may have become chargeable is situate; the Sheriff or Justices must see the person, or the head of the family, proposed to be removed, and must be satisfied that every person proposed to be removed is in such a state of health as not to be liable to suffer bodily or mental injury by the removal (Sec. 1).

The warrant is to be granted only on the application of the Inspector of the poor of the parish or combination, or other officer appointed by the Parochial Board where the poor person shall have become chargeable, and is to contain the name and reputed age of every person ordered to be removed, and the name of the place in Ireland where the Sheriff or Justices shall find such person to have been born, or to have last resided for the space of three years; and a statement of the examination having been made as to the state of health of every person ordered to be removed—it is to be addressed to the party applying for it, and to the Guardians of the Union or parish to which the person is to be removed, and a copy is to be given to the person or head of the family about to be removed. When the sheriff or justices are unable to ascertain the place of birth or continued residence, they are to order the pauper to be removed to the port, or Union, or parish which shall, in their judgment, under the circumstances of the case, be most expedient (Sec. 2).

The person obtaining the warrant is, at least twelve hours before the removal, to send a copy of it by post to the Clerk to the Board of Guardians of the Union or parish to which the poor person is ordered to be removed, and also a copy of the depositions, if required, at any time within three months from the date of the warrant (Sec. 3).

The warrant is to order the removal of the poor person to be made to the place mentioned therein, and is to order the person charged with the execution thereof to cause such poor person, with his family (if any) to be safely conveyed to such place, to be delivered at the Workhouse of such place, or of the Union or parish containing the port or place nearest to the place mentioned therein as the place of the pauper's ultimate destination (Sec. 4).

The Master of the Workhouse of the Union or parish to which the warrant is addressed is bound to receive delivery of the person named in the warrant, under a penalty of ten pounds for each case of refusal (Sec. 5).

If, by reason of default of the Guardians, Inspector of the Poor, or other person having charge of the warrant, or otherwise, the poor person named therein is not removed to the place of ultimate destination, the Guardians of the Union to which he has been removed may, if they think fit, cause the pauper to be removed forthwith to the place mentioned in the warrant, and are entitled to be reimbursed the costs of such removal by the Guardians or Parochial Board, or other person on whose application the warrant was obtained, such costs being the actual expense incurred in and about the conveyance and maintenance of each person so removed, which costs may, if not paid on demand, be recovered by an action in any County Court in Ireland, or Sheriff Court in Scotland, or other competent court having jurisdiction in the place from whence the removal shall have taken place (Sec. 6).

It is declared to be unlawful to remove any woman or any child under the age of fourteen as a deck passenger in any vessel from Scotland to Ireland, during the period from the first of October to the thirty-first of March following (Sec. 7).

Sec. 77 of the 8 & 9 Vic., c. 83, in so far as inconsistent with the provisions of the present Act, is repealed (Sec. 7). The Commissioners understand, however, that the Board of Supervision in Scotland are of opinion that that part of the 77th section which enables parochial authorities in Scotland to make arrangements for the removal of poor persons, with their own consent (without an order), is not repealed by this section.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Clerk of each Union.

III.—STATEMENT OF CASES OF REMOVAL OF POOR PERSONS FROM ENGLAND TO IRELAND (IN CONTINUATION OF THE CASES GIVEN IN THE FIFTEENTH ANNUAL REPORT, APPENDIX A., II.)

Under warrant dated 30th October, 1861, Bridget Cain and one child were removed from Stockport to Killadyseri. No Port Union is mentioned in the warrant, and the paupers were taken direct to Killadyseri Workhouse by the English Removing Officer. Killadyseri Union containing the place of ultimate destination.

Under warrant dated 31st October, 1861, Ann Healy was, on the 9th February, 1862, removed from Birmingham to Cork.

Under warrant dated 31st October, 1861, Jane Evans was, on 9th February, 1862, removed from Birmingham to Cork.

Under warrant dated 23rd November, 1861, Elizabeth Drummond was removed from the township of Texteth Park to Newry. The warrant, although obtained on 23rd November, 1861, was not executed until 5th February, 1862, and no copy of it was sent to the Board of Guardians.

Under warrant dated 2nd December, 1861, Michael Larvin was, on the 19th February, 1862, removed from Warrington to Dublin. The warrant directs the delivery of the pauper at the Workhouse of Castlereagh Union, which is stated in the warrant to contain the port of Dublin. He was, however, brought by the English Removing Officer to North Dublin Union, and sent on thence by the North Dublin Board to Castlereagh.

Under warrant dated 3rd December, 1861, Ellen Mack was removed from the parish of St. Marylebone to Limerick. The warrant states that she was born in the county of Limerick, but does not name any Union or place in that county, and it merely directs her removal to Ireland.

By warrant dated 7th December, 1861, Catherine Cane is directed to be removed from the West London Union to Tralee, to be delivered at the Workhouse of Limerick Union.

Under warrant dated 7th December, 1861, Catherine Cane was removed from the West London Union to Limerick. She was sent as a deck passenger, and, by direction of the captain, was taken to Limerick Workhouse, and thence removed to Tralee (the Union of ultimate destination). She complains of being badly treated, forcibly dragged into a cab by the Removing Officer and a pauper man who offered her drink to pacify her. The Removing Officer retained some pawn-office tickets belonging to her, and would not allow her to go back to her residence to get some things she left there.

Under warrant dated 14th December, 1861, Mary Quinn and one child were removed from West Derby Union to North Dublin Union. The removal in this case appears to have been regularly conducted.

By warrant dated 17th December, 1861, Michael Mallen is directed to be removed from Gateshead to the parish of Annadown, in the county of Galway, to be delivered at the Workhouse of Limerick Union.

Margaret Bell and her two children were removed from Blackburn, under the alleged authority of a warrant dated 19th December, 1861. No copy of the warrant has, however, so far as can be ascertained, been received by any Union in Ireland. She was sent as a deck passenger from Liverpool, unaccompanied by any officer, and applied for relief at the North Dublin Union, where she was admitted. It is stated by the Assistant-Overseer of Blackburn Township, that the woman was furnished with money to prosecute her journey to her native place (Clonmel), and she was subsequently removed to that place, at the request of the Assistant-Overseer of Blackburn, by the North Dublin Board of Guardians.

By warrant dated 23rd December, 1861, Timothy Flynn and three children were directed to be removed from the parish of Thornley, in the Easington Union, to the parish of Mohill, in the Mohill Union, "to be safely conveyed to the said parish of Mohill, county of Leitrim, and to be delivered at the Workhouse of the said Union, in the county of Leitrim, in Ireland, such Union containing the port of Dundalk, or nearest to the said parish of Mohill." The paupers were, however, brought by the English Removing Officer to Dublin, and were admitted by the Master of the North Dublin Union. The Guardians have hesitated to send the paupers on to the place of ultimate desti-

nation, fearing that, owing to the informalities in the warrant, and the error on the part of the Removing Officer in bringing the paupers to Dublin instead of Dundalk, they had no power to do so.

Under warrant dated 27th December, 1861, Edward Fines was removed from Birmingham to Oldcastle. The warrant does not mention any Port Union, but directs the conveyance of the pauper to Moylough, in Oldcastle Union, and his delivery at the Workhouse of that Union. He was delivered at the Workhouse by the Birmingham Removing Officer.

By warrant dated 30th December, 1861, Catherine Daly was ordered to be removed from the parish of Charles, in the Plymouth Union, to the parish of Mayne, in Thurles Union, "to be delivered at the Workhouse of Thurles Union, in the county of Tipperary, in Ireland, such Union containing the port of Waterford." The pauper was kept for a fortnight after the warrant was granted, waiting for a Waterford steamer, but was eventually sent to Cork. She was not accompanied by any officer, and was sent as a deck passenger.

Under warrant dated 1st January, 1862, Edward Bowler was removed from the parish of St. George's, Hanover-square, to Mallow. He was sent unaccompanied by any Officer by steamer to Cork, and no copy of the warrant was sent to the Mallow Union.

Under warrant dated 3rd January, 1862, Jeremiah Cleary was removed from Cardiff. The warrant directed him to be safely conveyed to Ring, near Dungarvan, and to be delivered at the Workhouse of the Union in Ireland containing the port of or nearest to Ring, near Dungarvan aforesaid.

Under warrant dated 3rd January, 1862, Alexander Church was removed from the parish of St. Mary's, Cardiff, to Cork. The warrant is not addressed to any Union in Ireland. The pauper alleges that he had resided for nearly six years in the same house in Cardiff when he became chargeable, and it would appear, therefore, that he was not legally removable.

Under warrant dated 4th January, 1862, Bridget Gormalee and her daughter Cecilia, aged eighteen years, were removed from the City of London Union to Ballinasloe. The paupers were brought to Limerick in charge of the captain of the steamer in which they were sent from London, and were by him delivered at the Workhouse of Limerick Union, whence they were forwarded by the Guardians to Ballinasloe. The daughter appears to have been removed as a dependent on her mother, and no examination appears to have taken place as to whether she was or was not removable, or as to her place of birth or last residence; although from her age it would appear that her case ought to have been dealt with independently of that of her mother. They were sent from London as deck passengers.

By warrant dated 7th January, 1862, Honora Sullivan, chargeable to the parish of Llandaff, in the Cardiff Union, is directed to be conveyed to Ireland, and delivered at the Workhouse of the Union containing the port of or nearest to Youghal. The warrant is not addressed to any Union in Ireland. The pauper has not arrived at Youghal.

Under warrant dated 8th January, 1862, John Dwyer was removed from the Poplar Union to Limerick. The warrant directs the removal of the pauper to Cloyne, which Union is stated in the warrant to contain the port of Waterford. Waterford is the port to which the removal ought to have been made, and there was no authority to remove to Limerick. The pauper was, however, sent as a deck passenger from London to Limerick unaccompanied by any officer, and left on the quays at Limerick, and then sought relief in the Workhouse of Limerick Union.

By warrant dated 10th January, 1862, not addressed to any Union in Ireland, Johanna Connell is directed to be removed from Cardiff to the city of Cork, and to be delivered at the Workhouse of the Union containing the port of or nearest to the city of Cork. The pauper was sent as a deck passenger.

By warrant dated 10th January, 1862, John Conway was directed to be removed from the Cardiff Union to Lismore, to be delivered at the Workhouse of the Union containing the port of or nearest to Lismore. The pauper has not arrived at Lismore Workhouse. The warrant is not addressed to any Union in Ireland.

Under warrant dated 11th January, 1862, Margaret Barr and five children were removed from the townland of Monkwearmouthbush, in the

Sunderland Union, to North Dublin Union. The warrant directs the delivery of the paupers "at the Workhouse of the Poor Law Union of Dublin, in the county of Dublin, in Ireland, which contains the port of Dublin, and which port is nearest to Castlebar" (the place of ultimate destination). Galway is in fact the nearest port to Castlebar, and not Dublin; and it would appear, therefore, that she ought to have been sent to Galway and not to Dublin, as the Port Union. The Guardians of the North Dublin Union have, however, sent her to Castlebar. She became chargeable in Sunderland Union on her husband leaving her to search for employment.

Under warrant dated 11th January, 1862, Michael Hayes was removed from the Strand Union to Kilkenny. No Port Union is named in the warrant, which directs that the pauper be conveyed to the parish of Kilkenny, and delivered at the Workhouse of Kilkenny Union. He was sent unaccompanied by any officer from London by steamer, and came voluntarily to Kilkenny Workhouse. No copy of the warrant was sent to the Board of Guardians.

Under warrant dated 11th January, 1862, Bridget Mullivan was removed from West Derby to Limerick. The warrant directs that she be delivered at the Workhouse of Ennis Union (which contains the place of ultimate destination), and which is described in the warrant as containing the port of Limerick. She was sent as a deck passenger, and brought by the English Removing Officer to Limerick Workhouse.

Under warrant dated 14th January, 1862, Mary Egan and her infant child were removed from the borough of Leeds to Ballina. Mary Egan is a married woman, recently deserted by her husband. The warrant is directed to the Ballina Union, and directs that the paupers be removed "from the said township of Leeds to Ireland, there to be delivered to the Workhouse of the said Union containing the port of or nearest to the place of the said paupers' ultimate destination aforesaid, in such manner and form as the law directs." The Port Union in this case is Sligo. The pauper was, however, brought to Dublin by the Removing Officer, and taken on thence by him to Ballina.

By warrant dated 16th January, 1862, Michael O'Donnell is directed to be removed from Birmingham to Roscommon. No Port Union is named in the warrant, which directs that the pauper be conveyed to Roscommon, and delivered at the Workhouse of that Union. The pauper has not yet arrived.

By warrant dated 17th January, 1862, Bridget Dalton and one child were directed to be removed from Cardiff to Monkoin, in the county of Kilkenny. The warrant is not addressed to any Union in Ireland, but a copy of it was sent to the Guardians of Carrick-on-Suir Union. Monkoin, however, is in Waterford Union, not in Carrick-on-Suir. No Irish Union is named in the warrant; directs that the pauper be conveyed to Monkoin, and delivered at the Workhouse containing the port of or nearest to Monkoin. The pauper has not arrived at either Carrick-on-Suir or Waterford Workhouse.

By warrant dated 24th January, 1862, Jeremiah Desmond is directed to be removed from Cardiff Union to Middleton, to be delivered at the Workhouse of the Union containing the port of or nearest to Middleton. The pauper has not been delivered at the Workhouse of any Union in Ireland, nor has he sought for admission at the Workhouse of Middleton Union, though it is stated that he is known to be in the neighbourhood. The warrant is not addressed to any Union in Ireland.

Under warrant dated 27th January, 1862, Margaret Carlyon and one child were removed from the parish of Charles, in the Plymouth Union, to Cork. They were sent as deck passengers, unaccompanied by any officer, but they were permitted while on board the vessel to go into a covered cabin.

Under warrant dated 27th January, 1862, Alexander Sweeney was removed from Bolton Union to Sligo. According to the pauper's statement he had lived in the township of Great Bolton for four and a-half years, when he became chargeable, and it would, appear, therefore, that he was not removable.

By warrant dated 3rd February, 1862, Michael Murphy is directed to be removed from Plymouth, to be conveyed to the parish of Youghal, and to be delivered at the Workhouse of Middleton Union, in the county of Cork, "such Union containing the port of Cork, the said parish where he was born." The warrant is addressed to Middleton Union, but the parish of Youghal is not in that Union. A copy of the warrant has been received by the Clerk of Youghal

Union, but the pauper has not, so far as can be ascertained, arrived at any Union in Ireland.

By warrant dated 4th February, 1862, James Collins and two children are directed to be removed from Stepney Union to the parish of Askeaton, to be delivered at the Workhouse of Rathkeale Union, which Union is stated in the warrant to contain the port of Limerick. The paupers were removed by steamer from London, unaccompanied by any officer, and on being landed in Limerick received money from one of the officers of the vessel to prosecute their journey to Rathkeale. They did not apply for relief for five weeks after arrival; and they state that they applied for relief in England for the purpose of getting removed to Ireland.

By warrant dated 4th February, 1862, Bridget Collins is directed to be removed from Stepney Union to the parish of Askeaton, to be delivered at the Workhouse of Rathkeale Union, which Union is stated in the warrant to contain the port of Limerick. The pauper was removed by steamer from London unaccompanied by any officer, and, on landing in Limerick, received from one of the officers of the vessel money to prosecute her journey to Rathkeale. She was five weeks in that Union after removal before applying for relief, and she states that she applied for relief in England for the purpose of getting removed to Ireland.

Under warrant dated 4th February, 1862, Catherine Blayney was removed from Southwark to Limerick. The warrant appears to have been issued without regard to the provisions of the Act of last Session, and merely directs the removal "to Ireland." The pauper does not appear to have been accompanied by any officer. She was sent by steamer to Cork, and thence by railway to Limerick, and has been forwarded by the Limerick Board of Guardians to Tralee Union, which contains the place of her birth.

Under warrant dated 4th February, 1862, Mary Anne Cavanagh was removed from Southwark to Limerick. The warrant is issued without reference to the provisions of the Act of last Session, and merely directs the removal of the pauper "to Ireland." The pauper's birth-place is stated to be the parish of Cargrave, in the county of Galway. She was sent, unaccompanied by any officer, by steamer to Cork, and thence by railway to Limerick.

Under warrant dated 7th February, 1862, Jeremiah Desmond was removed from Cardiff Union to Cork. The warrant is not addressed to any Union in Ireland. The pauper states that he had been living for seven years in Cardiff when he became chargeable, and it would appear, therefore, that he was not legally removable.

Under warrant dated 7th February, 1862, Catherine Driscoll was removed from Cardiff Union to Cork. The warrant is not addressed to any Union in Ireland. She was sent as a deck passenger.

By warrant dated 7th February, 1862, Honora Sullivan is directed to be removed from the parish of Llandaff to Castletown, to be delivered at the Workhouse of the Union containing the port of or nearest to Castletown. The warrant is not addressed to any Union in Ireland. The pauper has not arrived.

By warrant dated 7th February, 1862, John Browne is directed to be removed from Cardiff Union to Youghal, to be delivered at the Workhouse containing the port of or nearest to Youghal. The warrant is not addressed to the Guardians of any Union in Ireland. The pauper has not arrived at Youghal.

By warrant dated 10th February, 1862, Jane Kingston is ordered to be removed from the parish of St. Anne Limehouse to Clonakilty, which is stated to be in the Bandon Union, and to be delivered at the Workhouse of Bandon Union, which is stated in the warrant to contain the port of Cork. Bandon is not a Port Union, nor does it comprise Clonakilty, which is in Clonakilty Union.

By warrant dated 11th February, 1862, Michael Carrol, his wife, and three children, are directed to be removed from the parish of St. Marylebone to "Ireland." The place of birth is not mentioned in the warrant, nor is any Union or port in Ireland named therein. A copy of the warrant has been received by the Guardians of Callan Union, but the parties have not applied for admission at the Workhouse of that Union.

By warrant dated 12th February, 1862, James Bermingham, his wife, and two children, were directed to be removed from the parish of Llandaff to Bally-

pooreen, to be delivered at the Workhouse of the Union containing the port of or nearest to Ballypooreen. A copy of the warrant has been received by the Clogheen Board of Guardians, but it is not addressed to the Guardians of any Union in Ireland.

By warrant dated 12th February, 1862, Michael Barrett, his wife, and three children, were directed to be removed from the parish of Llandaff to Ballypooreen, to be delivered at the Workhouse in Ireland containing the port of or nearest to Ballypooreen. A copy of the warrant has been received by the Clogheen Board of Guardians, but it is not addressed to the Guardians of any Union in Ireland.

Under warrant dated 12th February, 1862, Pat Leary, his wife, and two children, were removed from Cardiff Union to Middleton. The warrant is not addressed to any Union in Ireland, and directs that the paupers be delivered at the Workhouse of the Union containing the port of or nearest to Cork. The paupers were conveyed direct to Middleton by the English Removing Officer.

Under warrant dated 12th February, 1862, Michael Cronin, his wife, and four children, were removed from Cardiff to Cork, and delivered at Cork Workhouse. The warrant is not addressed to any Union in Ireland.

The warrant directs the removal of the pauper to the Workhouse of Waterford Union (the Port Union), and that she shall be removed by the Guardians of that Union to Kilkenny Union, which is stated to contain the place of ultimate destination. The place of birth named in the warrant, is not, however, in Kilkenny Union, but in Urfingford Union, which Union ought, therefore, to have been named as the place of ultimate destination. The magistrates in England, moreover, had no power to direct the Port Union to remove the pauper, the Act expressly providing that the Guardians of the Port

By warrant dated 20th August, 1862, Mary Collins and one child are directed to be removed from the parish of St. Pancras, Middlesex, to Newchurch, in the county of Tipperary, to be delivered at the Workhouse of Borrisokane Union, which is stated in the warrant to contain the port of Waterford. The paupers however state that the allegation in the warrant is erroneous, and that they were born in Swineford Union.

Under warrant dated — August, 1862, Margaret McClean and one child were removed from Preston to Drogheda. Under warrant dated 1st September, 1862, Mary Kelly and two children were removed from Rochdale to Ballina. They were delivered at the Workhouse of Ballina Union by the officer of Rochdale Union. Bridget Collins was removed under a precisely similar order, dated 1st September, in the same way.

The warrant requires the Guardians of Loughrea Union (called "Loughrea" in the warrant), to cause the paupers to be conveyed to Tainagh and delivered at the Workhouse of the Union containing the port nearest to Tainagh. Loughrea is not a Port Union, and Tainagh is in Portlanna Union. The pauper has not arrived.

It is addressed to Carrick-on-Shannon Union, but states her place of birth to be Mohill (which is correct). A dispute arose in consequence between Mohill and Carrick-on-Shannon. The pauper was sent from Carrick to Mohill, and back from Mohill to Carrick, and finally remained in the Workhouse of the latter Union, though Mohill was the Union to which she ought to have been removed.

Under warrant dated 3rd September, 1862, Patrick Finnegan was removed from Stockport to North Dublin (Port Union), and thence by the Guardians of that Union to Castlereagh (Union of ultimate destination).

Under warrant dated 17th September, 1862, Margaret O'Hara and one child were removed from the township of Spotland, Rochdale Union, to South Dublin Union. The pauper had only resided two years in Spotland, but her previous residence was in another parish in the same Union for more than three years.

Under warrant dated 3rd September, 1862, Ellen Barry was removed from Merthyr-Tidvil to Cork. The warrant is not addressed to any Union in Ireland, nor does it state the place of the pauper's birth or last residence in Ireland; it merely states that she was born in Ireland, and directs her removal to the port of Cork, to be delivered at the Workhouse of the Union containing that port. The pauper on arrival refused to accept Workhouse relief.

Under warrant dated 3rd September, 1862, in all respects similar to the preceding, Ann Barry was removed from Merthyr-Tidvil to Cork. In this case, also, the pauper refused to accept Workhouse relief.

Under warrant dated 18th September, 1862, Bridget O'Loughlin was removed from Warrington to Strokestown. The warrant is directed to Roscommon Union, and directs that the pauper be conveyed to the parish of Strokestown, and delivered at the Workhouse of Roscommon Union. The pauper was, however, brought to the Workhouse of North Dublin Union by the English Removing Officer, and was sent by the Guardians of that Union to Strokestown Workhouse—the pauper's birthplace (Strokestown) being in that Union, and not in Roscommon Union. It is alleged by the Strokestown Board, on the authority of the pauper, that she and her infant were sent as a deck passenger; when in Dublin, however, she stated that she came over in the second cabin.

of the children, two of whom died there, and on the 23rd January they were taken to Galway by the Dublin Removing Officer.

A copy of the warrant has been received by the Guardians of Newcastle Union, and by them forwarded to Croom Union, but it does not appear that the paupers have yet arrived. From the examination of the pauper, which is attached to the warrant, it appears that she was born in the parish of Ballingarry, in the Newcastle Union. The parish of Ballingarry is partly in Croom and partly in Newcastle Union.

She was sent from London to Cork, unaccompanied by any officer, where she was met by an agent who provided her with a lodging, and the next day took her to the railway, paid her fare to Charleville, and gave her 1s. 1d. Clonakilty is not in Bandon Union, but in Clonakilty Union. The pauper was sent as a dock passenger, unaccompanied by any officer, to Cork, where she was met by a man named Fitzgerald, who gave her money at different periods (5s., 2s., and 3s.) The paupers have not arrived at the Workhouse.

He was, however, taken to Dublin (Limerick being the proper Port Union), and thence to Westport, by the English Removing Officer. He stated, when at Westport, that he was born at Claremorris. He appears to have been in a very bad state of health when removed, and died a few days after his admission to Westport Workhouse.

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

2. Once the problem is identified, the next step is to define the objectives and goals of the project. This helps to clarify what needs to be achieved and provides a clear direction for the team.

3. The third step is to develop a plan or strategy to address the problem. This involves breaking down the problem into smaller, manageable tasks and determining the resources needed to complete each task.

4. The fourth step is to implement the plan. This involves putting the strategy into action and monitoring progress to ensure that the project is on track.

5. The final step is to evaluate the results of the project. This involves assessing the outcomes against the objectives and goals and identifying any areas for improvement.

APPENDIX C.

ORDERS AND CIRCULARS OF INSTRUCTION ISSUED UNDER THE MEDICAL CHARITIES ACT, AND CORRESPONDENCE.

I.—ORDERS.

No. 1.—GENERAL ORDER relating to the QUALIFICATIONS of MEDICAL OFFICERS of DISPENSARY DISTRICTS.

To the GUARDIANS of the POOR of the several UNIONS named in the Schedule hereunto annexed; to the COMMITTEES of MANAGEMENT of Dispensary Districts therein; and to all other persons whom it may concern:

Whereas, in exercise of the powers given to Us by an Act passed in the Fifteenth Year of the Reign of Her present Majesty Queen Victoria, intitled "An Act to provide for the better Distribution, Support, and Management of Medical Charities in Ireland, and to amend an Act of the Eleventh Year of Her Majesty to provide for the execution of the Laws for the Relief of the Poor in Ireland," We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, by a General Order under Our Seal, bearing date the Sixteenth day of December, 1853, did issue Rules and Regulations for the Government of Dispensary Districts in the several Unions throughout Ireland, wherein are prescribed, among other things, the mode of Appointment of Medical Officers of Dispensary Districts, their qualifications, and the duties to be performed by them:

And whereas, it is expedient to alter the qualifications prescribed in the said General Regulations in regard to the Medical Officers who may hereafter be appointed.

Now therefore, in exercise of the powers given to Us by the said Act, We do hereby Order, Direct, and declare, that the Qualification of every Medical Officer of a Dispensary District who may be appointed after the date hereof except as is hereinafter provided, shall be as follows, that is to say:—

No. 1. He shall have obtained a Degree in Medicine, or a Diploma or Licence to practise Medicine, from some College or other Body that may be authorized to grant a Diploma or Licence to practise Medicine in Great Britain or Ireland, also a Diploma in Surgery or a Licence to practise Surgery from some College or other Body that may be authorized to grant a Diploma or Licence to practise Surgery, in Great Britain or Ireland, and also a Certificate from some Board or Court of Examiners or other Body duly authorized to grant the same, of his possessing a competent knowledge of Midwifery.

No. 2. He shall have reached the age of twenty-three years.

Provided that, under special circumstances affecting the particular Dispensary District for which the appointment is made, that part of the above Qualification which requires a separate Medical Certificate or Di-

ploma may be dispensed with by Us, the said Commissioners, if We shall deem it necessary to do so.

Provided also, that the foregoing Regulation shall not apply to any person holding the office of Medical Officer of a Dispensary District at the date hereof, either in respect to his present appointment or any future appointment to the said office.

And We do hereby confirm the said General Regulations of the Sixteenth day of December, 1853, in reference to the Qualifications for the said office in all respects except so far as they may be altered by this Order.

II.—CIRCULARS.

No. 1.—ANNUAL APPOINTMENT OF DISPENSARY COMMITTEES and
WARDENS.—CIRCULAR to BOARDS OF GUARDIANS.

Poor Law Commission Office, Dublin,
March 21, 1862.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland enclose herewith, for the information and guidance of the Board of Guardians, a copy of their Circular of the 22nd March, 1856, relating to the appointment of qualified ratepayers to complete the Committees of Management of Dispensary Districts in the several Unions in Ireland, together with an Extract from their Circular of the 30th March, 1852, in reference to the appointment of Wardens under the provisions of the 50th section of 1 and 2 Vic., cap. 56.

The Commissioners desire to call your attention to your duties in regard to these appointments, as pointed out in paragraph 2 of the enclosed Circular; and they request that you will make out and place before the Board a complete and correct list of the Guardians entitled, under the 7th section of the Medical Charities Act, to be Members of the several Committees, showing the Committees upon which each Guardian is entitled to serve.

The Commissioners also desire that you will, on the Guardians proceeding to the selection of qualified ratepayers to complete the Dispensary Committees—and the appointment of Wardens—draw their special attention to paragraphs 5 and 6 of the Circular.

As soon as the Committee shall have been completed for any District, the Guardians should fix a day for the first meeting of such Committee for the special purpose of appointing their Honorary Officers for the current year, (in accordance with Articles 5 and 6 of the Dispensary Regulations), and notice of this special meeting should be given by you to each Member of the new Committee, in accordance with Articles 2 and 10 of the Dispensary Regulations.

The Commissioners further request your attention to Articles 1, 2, 3, 4, and 27, of the Regulations, copies of which are appended to the enclosed Circular.

The Commissioners enclose a Form for the Return of the Officers, &c., of the Committee of each Dispensary District in the Union, which they request that you will have filled up in duplicate, with the requisite particulars, and forwarded to this Office, as soon as practicable after the completion of the new Committees, and the appointment of their Honorary Officers.

By order of the Commissioners,

B. BANKS, Chief Clerk

To the Clerk of the Board of Guardians
of each Union.

CIRCULAR of 22nd MARCH, 1856, annexed to the foregoing CIRCULAR.

Poor Law Commission Office, Dublin,
March 22, 1856.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland, desire to call the attention of the Board of Guardians to the provisions of section 7 of the Dispensaries Act, 14 & 15 Vic., c. 68, under which the requisite number of members to complete the Committee of Management of each Dispensary District is to be appointed in each year, as soon as practicable after the Annual Election of Guardians in each Union. The section directs that "at the first meeting of the Guardians after such annual election, or as soon thereafter as conveniently may be, the Committee of Management for the said Dispensary District shall be appointed" in manner provided therein, "for the ensuing year, and so likewise in each succeeding year."

2. Under the provisions of this section, the Guardians who are returned in the annual election of Guardians for the Union, become members of the Committees of Management of the respective Dispensary Districts therein, in which they are resident or are owners or occupiers of property situate in such districts respectively; and under the same section, the Board of Guardians will have to elect a sufficient number of ratepayers, resident in each district and liable to pay poor rates in respect of property therein of the net annual value of £30 at the least, so as (with the ex-officio and elected Guardians resident or being the owners or occupiers of property in the district, who are thereby qualified and entitled to act on the Committee of each district), to complete the number of members of whom the Committee of such district is to consist, as fixed by the Commissioners' Order in that behalf. You should, therefore, by a careful examination of the Rate Books of the Union, and the Register of Statements of Claims to Vote, make out a correct list showing the several Dispensary Districts of the Union in which each Guardian is duly entitled to act on the Committee of Management, and submit the same to the Board of Guardians, for their information and guidance, before they proceed to the election of qualified ratepayers to complete the Committees of Management.

3. In case the full number of Guardians be not returned in the annual election, so that any vacancies appear on the Returning Officer's return of the election of Guardians for the Union, the Commissioners, in due course after the receipt of that return, will issue an Order providing for a supplemental election to fill such vacancies in the Board of Guardians; and as the Guardians so to be elected will be entitled to act on the Dispensary Committees of the respective districts, according to the provisions of the Act above referred to, the Board of Guardians should elect only such number of qualified ratepayers as would be necessary if the number of Guardians eligible for the Union were now complete; so that the Guardians to be elected to supply vacancies may become members of the respective Dispensary Committees upon which they may be qualified and entitled to act.

4. The Commissioners at the same time desire to call the attention of the Board of Guardians to the annexed extract from the Circular of the 30th March, 1853, relating to the appointment of Wardens, who, as well as members of the Dispensary Committee and Relieving Officers, are authorized by § 9 of the Dispensaries Act, to issue tickets for Medical Relief under that Act. It will be observed that it is provided, that the appointment of Wardens should be made within one month after the annual election of Guardians.

5. It is desirable that the parties authorized to issue tickets for Medical Relief in a Dispensary District should be selected for each district, as far as practicable, from different localities in the several parts of the district, so that sufficient facility for obtaining such relief, with due convenience to the sick poor resident in all parts of the district, may be afforded, by means of persons distributed over the whole district according to its requirements, having regard to the amount of population in its various parts and other local circumstances; and the Commissioners suggest to the Guardians the propriety of keeping this consideration in view in the selection of ratepayers for the Dispensary Committees, and of Wardens. It will, therefore, be desirable for the Board, in making such selection, to have before them a list of the Guardians and Relieving Officers entitled to issue tickets for Medical Relief, showing their respective places of residence; and to make their selection of Ratepayers and Wardens accordingly, from persons resident in localities best provided with facility for obtaining such tickets from other resident persons authorized to give them.

6. The Commissioners also recommend the Guardians to select for Members of the Dispensary Committees such qualified ratepayers as will be likely to be able and willing to assist in the due administration of the Dispensaries Act, by attending the meetings of the Committee of Management of their District at the prescribed times, so as to insure as far as practicable, regular meetings of a sufficient number of the Committee for the due management of the Dispensary, and the transaction of the business arising under the Act, in accordance with the General Rules issued in pursuance thereof. It is the more important that this consideration should be kept in view in the selection of ratepayers to complete the Dispensary Committees at the present time, inasmuch as those Committees are required by § 19 of the Act, to give their aid, in their respective districts, in carrying into effect the sanitary directions and regulations issued under the Nuisances Removal and Diseases Prevention Acts, an object which demands the vigilant and continued attention of all the local authorities, with a view to the adoption and enforcement of sanitary measures, in the abatement of nuisances and the removal of causes injurious to health.

7. Your attention, as Clerk of the Union, is requested to your duties under Articles 1, 2, 3, 4, & 27 (annexed hereto), of the General Dispensary Regulations of 16th December, 1853, in pursuance of which you will, as soon as the new Committees are completed by the Board of Guardians, make a Return to the Commissioners of the names and addresses of all the Members of each Committee, in the Form (No. 1.) prescribed for the purpose; and you will take care to forward such Return to this Office in due course, as soon as the new Committees are constituted.

8. You will likewise forward the prescribed Notice (Form No. 3.) to each Member of the respective Committees so constituted, and the list of their names and addresses (in Form No. 5.) to the Medical Officers of the respective districts, in accordance with the regulations. Herewith is enclosed a Form of Letter which you can use in transmitting to each Medical Officer the list for his district. Where there is more than one Medical Officer for any district, a copy of the entire list for the district is to be transmitted to each Medical Officer thereof.

9. You will also take care that each of the persons authorized to issue Tickets for Medical Relief shall be supplied with "Medical Relief Ticket Check Books," in the Forms (E 1 & 2) prescribed by the General Regulations of 16th December, 1853, for the purpose.

10. In case any of the Members of the present Dispensary Committees, or Wardens, be not reappointed on the expiration of their present term of office, and consequently cease thereupon to have authority to issue Tickets for Medical Relief, you will transmit to them the notice prescribed in such case (Form No. 6).

11. You should immediately take the necessary steps for obtaining, if you have not already done so, the requisite supply of the Forms above referred to (Nos. 1, 3, 5, & 6; and Forms of Ticket Books E 1 & E 2), which should be procured from the printer in the ordinary manner, without delay, in pursuance of Article 27 of the Regulations.

By order of the Commissioners,

W. STANLEY, Secretary.

EXTRACT FROM CIRCULAR of 30th March, 1852, as to APPOINTMENT of WARDENS, referred to in paragraph 4 of the foregoing Circular of 22nd March, 1856.

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call the attention of the Board of Guardians to the provisions of the 50th section of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, under which the Board of Guardians of every Union in Ireland is required "within one month after the annual election of Guardians, to appoint a fit person in each parish or townland, or any part thereof, respectively, included in such Union, to be and be styled the Warden for such parish, townland, or part thereof." It appears that in some Unions the provisions of this section have not been duly and regularly complied with; and the Commissioners request the attention of the Guardians to the subject, in reference to the due administration of Medical Relief to the sick poor under the Medical Charities Act, 14 & 15 Vic., c. 68, under section 9 of which, Wardens, as well as members of Dispensary Committees and Relieving Officers, are the parties empowered to afford Medical Relief, by the issue of tickets for the same as therein provided, after the necessary arrangements for the purpose shall have been made.

2. With regard to the districts which it may be advisable to assign to the Wardens, it will be observed that a Warden may be appointed for a parish, or townland, or any part thereof. The Commissioners apprehend that it will not generally be necessary to appoint a separate Warden for each townland, or a sub-division thereof; and difficulty might arise in selecting so many persons willing to act, as would be requisite for the appointment of these officers for such districts, which would in many cases be of very small extent. As the Guardians are enabled to appoint a Warden for a parish, or any part of a parish, the Commissioners suggest for their consideration whether it may not be advisable for them so to arrange the Wardens' districts, as to appoint one at least for each parish, or portion of a parish, included in each Electoral Division. The Commissioners, however, are desirous that this suggestion should not be understood as intended to limit the Guardians to this number of Wardens, or to interfere with their discretion in regard to the districts for which they may think it desirable from local circumstances to appoint them in accordance with the Act.

EXTRACT FROM GENERAL ORDER of 16th December, 1853, containing the GENERAL REGULATIONS for DISPENSARY DISTRICTS, referred to in paragraph 7 of foregoing Circular of 22nd March, 1856.

"ARTICLE 1.—Immediately on the completion of a new Committee of Management for each Dispensary District after each annual election of Guardians in the Union, the Clerk of the Union shall make a return, in the Form No. 1, annexed to this Order, to us, the said Commissioners, of the names and addresses of the respective members of the Committee; and in like manner on any election by the Board of Guardians of a ratepayer or ratepayers to fill any vacancy or vacancies in any such Committee, the Clerk shall make a return to us, in the Form No. 2, annexed to this Order.

"ARTICLE 2.—The Clerk of the Union shall, on the appointment of a new Committee after each annual election of the Guardians of the said Union, send to each member of the Committee for every Dispensary District a notice in the annexed Form No. 3; and on the election of any ratepayer to supply a vacancy at any time in any of the said Committees, the Clerk shall send to him a notice in the annexed Form No. 4.

"ARTICLE 3.—Immediately upon the annual completion of any new Committee as aforesaid, the Clerk of the Union shall furnish each Medical Officer of the respective districts with a list, according to the annexed Form No. 5, of the names and addresses of the members of the Committee of the District of which he is a Medical Officer; and also of the names and residences of every Relieving Officer and Warden acting as such for any Electoral Division included in such district; and the Medical Officer shall lay such list before the Committee of Management at their first meeting after receipt thereof. And the Clerk shall in like manner notify, from time to time, any changes from death or otherwise, of members of the Committee of Management, Relieving Officers, or Wardens in any districts, to the respective Medical Officers thereof, who shall lay such notification before the Committee of Management at their first meeting after receipt thereof.

"ARTICLE 4.—Whenever any person ceases to be a member of the Committee, or a Warden, on the expiration of a period for which he is appointed, the Clerk of the Union shall transmit to him a notice in the Form No. 6, hereto annexed, apprising him of the cessation of his power to issue Tickets for Medical Relief, and requiring him to return to the Board of Guardians any forms of the Tickets for Medical Relief which had been issued to him in the Medical Relief Ticket Check Books (Forms E 1 and E 2, hereinafter mentioned), and which may not have been used."

"ARTICLE 27.—The Board of Guardians shall from time to time as may be necessary, cause to be provided a sufficient supply of books, stationery, and forms prescribed by this or any other Order under our Seal, and all other requisites, for the use of each Committee of Management; and shall also cause a sufficient number of Check Books of Medical Relief Tickets, according to the annexed Forms E 1 and E 2, to be provided, and cause a sufficient supply of such Check Books to be furnished to each member of every Dispensary Committee in the Union, and to each Relieving Officer and Warden thereof."

No. 2.—LISTS of MEDICINES.—CIRCULAR to BOARDS of GUARDIANS.

Poor Law Commission Office, Dublin,
July 4, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith a copy of a revised list of medicines (A), which they have prepared for the assistance of Boards of Guardians in reference to the estimates of Medical Officers of Dispensary districts, and requisitions of Committees of Management thereon, for the medicines required for use at the several Dispensaries.

The list has been considerably enlarged, and now comprises several medicines which were not included in the list issued with the Commissioners' Circular Letter of the 9th July, 1852 (No. 690, M/52).

The Commissioners request the attention of the Guardians to the explanation printed at the head of the list; and they desire at the same time to state that, in the event of a Medical Officer requiring to be supplied with any medicine not comprised in the list, a distinct requisition for such medicine should be made by the Medical Officer, through the Committee of Management, stating the circumstances which are considered to render the requisition necessary.

The Commissioners also enclose a list (B) of medicines which may be used in making contracts with druggists. This list is intended for parties tendering to insert the prices at which they are willing to contract for the supply of the various articles named therein.

With regard to the column in this list headed "Quantity," the Commissioners have to observe that it is not necessary that the quantities or measures named should be adhered to in cases where it may be deemed advisable to substitute others; but, inasmuch as it is essential that all the tenders made for the same article should be made in regard to the same quantities or measures by all the parties tendering, so as to admit of a comparison of the prices, care should be taken that any alteration that may be made in the column should be made known to all the parties proposing to tender.

By order of the Commissioners,

B. BANKS, *Chief Clerk.*

To the Clerk of each Union.

ENCLOSURES in foregoing CIRCULAR of 4th July, 1862.

No. 3.—LIST of MEDICINES.—CIRCULAR to DISPENSARY COMMITTEES.

Poor Law Commission Office, Dublin,
July 4, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for the information of the Committee of Management of the Dispensary District, a copy of a revised list of medicines, which has been prepared with a view to the estimates of Dispensary Medical Officers, and requisitions of Committees of Management, for medicines required for use at the Dispensaries.*

The list has been considerably enlarged, and now comprises several medicines which were not included in the list issued in 1852.

The Commissioners request attention to the explanation printed at the head of the list; and they desire, at the same time, to state that, in the event of the Medical Officer requiring to be supplied with any medicine not comprised in the list, a distinct requisition for such medicine should be made, setting forth the circumstances which are considered to render the requisition necessary.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Honorary Secretary
of each Dispensary Committee.

No. 4.—CUSTODY of POISONOUS MEDICINES.—CIRCULAR to DISPENSARY COMMITTEES.

Poor Law Commission Office, Dublin,
August 11, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, have had their attention drawn to the recent conviction of a Union Officer for murder by poisoning, and to the fact, that he is supposed to have obtained the poison from the Workhouse surgery.

The Commissioners think it right to call the attention of the several Dispensary Committees to this subject, in order that, if sufficient and satisfactory arrangements do not exist at present for the safe custody of poisonous medicines at the Dispensary, the requisite directions may be at once given.

The Commissioners suggest that poisonous medicines should be kept under lock and key, separate from the other medicines, and that the Medical Officer should himself retain, and be responsible for the possession of, the key.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Honorary Secretary
of each Dispensary Committee.

No. 5.—QUALIFICATION of DISPENSARY MEDICAL OFFICERS.—CIRCULAR to DISPENSARY COMMITTEES.

Poor Law Commission Office, Dublin,
October 14, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had under their consideration that part of the General Regulations for the government of Dispensary Districts which relates to the qualification for the office of Medical Officer of a Dispensary District; and have thought it right to make some alteration in the qualification therein required.

A copy of a General Order which the Commissioners have accordingly issued

* See enclosure A. to Circular No. 2, page 193.

is forwarded herewith, by which it will be seen that the qualification required for future appointments is as follows:—

- A degree or diploma in medicine;
- A diploma in surgery;
- A certificate in midwifery;

and that the person appointed shall have attained the age of twenty-three years.

It will be seen also that the Commissioners have reserved to themselves the power of dispensing with that part of the qualification which requires a separate medical certificate or diploma in any case in which, under special circumstances, it shall appear to them necessary to do so; and that the new regulation is not to apply to any person holding the office of Dispensary Medical Officer at the date of the Order.

The Committee will, probably, think it right, in advertising for Medical Officers in future, to make known the double qualification now required.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Honorary Secretary
of each Dispensary District.

NO. 6.—QUALIFICATION OF MEDICAL OFFICERS.—CIRCULAR to DISPENSARY COMMITTEES.

Poor Law Commission Office, Dublin,
January 15, 1863.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith a copy of a General Order which they have issued, extending, in some respects, the provisions of the General Order of the 10th October last, regarding the qualification for the office of Medical Officer of a Dispensary District; and the Commissioners desire, at the same time, to observe, that the terms of the Order of the 10th October had been found to exclude from competition parties whom it had not been intended so to exclude, and this circumstance has caused a necessity for the present Order.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To the Honorary Secretary
of each Dispensary District.

III.—CORRESPONDENCE RELATING TO THE QUALIFICATION FOR THE OFFICE OF MEDICAL OFFICER UNDER THE MEDICAL CHARITIES ACT AND IRISH POOR RELIEF ACTS.

NO. 1.—LETTER FROM THE KING AND QUEEN'S COLLEGE OF PHYSICIANS OF IRELAND TO THE COMMISSIONERS.

King and Queen's College of Physicians of Ireland,
Dublin, January 30, 1860.

Sir,

I am directed by the President and Fellows of the King and Queen's College of Physicians to request the attention of the Poor Law Commissioners for Ireland to the existing regulation of their Board, relative to the professional qualifications now required for medical officers holding Poor Law appointments in Ireland, and to the expediency of their requiring, in addition to a surgical diploma, a degree or diploma in medicine from some recognised university or college, being such qualifications in medicine and in surgery as are now generally required from Medical Officers in the public departments, whether of Civil, Military, or Naval services.

The present regulation of the Poor Law Commissioners for Ireland in reference to the qualification of Medical Officers is as follows:—

"He shall be duly licensed to practise as a medical man, and shall have obtained letters testimonial of his qualification to practise surgery from the Royal College of Surgeons in Ireland, or the diploma of the Royal College of Surgeons of England, or the degree or diploma in surgery of some other college or body in Great Britain or Ireland duly authorized to grant the same, and also a certificate from some recognised hospital or board or court of examiners, or other body duly authorized to grant the same, of his possessing a competent knowledge of midwifery."

The Poor Law Commissioners will observe that under the above regulation the only qualification necessary is a licence in surgery, but that no diploma or qualification in medicine is required.

The Poor Law Board of England require a legal qualification in medicine as well as in surgery. In their circular letter, addressed to Boards of Guardians, of January 3, 1860, they observe that they deem "it advisable to modify the provisions of the General Consolidated Order; and to enable any person who can establish his qualification to practise both *medicine and surgery* by the production of proper testimonials, issued by competent legal authority in any part of the United Kingdom, to be a candidate for the office of Medical Officer in the unions to which the order is directed;" and their regulations of 10th December, 1859, enact that "no person shall be qualified to be appointed to the office of Medical Officer under any of the orders above referred to unless he shall be registered as aforesaid, and shall be qualified by law to practise both *medicine and surgery* in England and Wales, such qualification being established by the production to the Board of Guardians of a diploma certificate of a degree, licence, or other instrument, granted or issued by competent legal authority in Great Britain or Ireland, testifying to the medical or surgical, or medical and surgical qualification or qualifications of the candidate for such office."

The above regulation is drawn up in accordance with the Medical Act, 1858, which enacts, *vide* clause 31, "that every person registered under this Act shall be entitled, according to his qualification or qualifications, to practise *medicine or surgery or medicine and surgery*, as the case may be, in any part of Her Majesty's dominions."

The regulations of the Army Medical Department require that "the candidate must possess a diploma in surgery, or a licence to practise it from the Royal College of Surgeons of England, Ireland, or Scotland, or from some other corporate body legally entitled to grant a diploma in surgery, or a licence to practise it. He must besides, and in addition to such diploma or licence, possess a legal qualification to practise medicine in Great Britain or Ireland."

The Royal Warrant for the regulation of the Medical Department of the Navy requires, in like manner, that Medical Officers for the Navy shall possess a similar double qualification in Medicine or Surgery thus:—"No candidate shall be admitted to the examination for a commission in the Medical Department of the Royal Navy who does not possess such a diploma as would qualify a civilian to practise medicine and surgery."

The East India Board require "that every surgeon seeking an appointment under them, shall, in addition to his surgical diploma, undergo a special examination in medicine and its collateral branches, by examiners appointed by them, as set forth in the following extract from the regulation.

"The examination will include the following subjects:—1. Surgery in all its branches. 2. Medicine, including the Diseases of Women and Children, Therapeutic Pharmacy, and Hygiene. 3. Anatomy and Physiology, including Comparative Anatomy. 4. Natural History, including Botany and Zoology."

The several official authorities and public boards above enumerated appear to have adopted the regulations as to the double qualifications from a long experience, that the diploma in surgery alone did not suffice to insure the desired competency.

The President and Fellows of the King and Queen's College of Physicians deem it their duty to submit these circumstances to the Poor Law Commissioners for Ireland, and to suggest to them the expediency of henceforth requiring similar qualifications in medicine and surgery from Medical Officers holding appointments under them, so as to insure sufficiently educated Medical Officers for

the public service. The diseases which come daily under treatment in Work-houses, General Hospitals, Fever Hospitals and Dispensaries, are generally more of a medical than of a surgical character.

The Crown and Legislature by various Royal Charters and Acts of Parliament have recognised the distinction between medicine and surgery, and have at various times intrusted to distinct bodies or colleges the duty of separately testing medical and surgical knowledge; and where, as in a few instances, the same corporate body has the legal power to issue diplomas in medicine and in surgery, there is a separate examination and a separate diploma given for each branch.

Without the separate licence in medicine as well as surgery, there can be no security that a candidate who has only obtained a diploma in surgery possesses an adequate knowledge of medicine; nor on the other hand, that a person who has only obtained a diploma in medicine possesses an adequate knowledge of surgery. It is true that in the curricula of some of the colleges of physicians and of surgeons, as well as of universities, certificates of mixed medical and surgical education are required from applicants for licence; but there is not only no obligation on these respective bodies, but it is not their general practice to examine except in their own department. In some instances the candidate for a surgical diploma may perhaps be incidentally asked some question on medical diseases; in most instances, however, the examination includes no medical questions, and in others again, the introduction of any examination, whether in medicine or its collateral branches, is purposely abstained from, nor would it perhaps be considered even strictly legal or within the province of any qualifying body to submit a candidate to a testing examination in the department, whether medicine or surgery, on which it was not authorized to issue diplomas.

The President and Fellows have lately been strongly impressed with the view now put forward, by the circumstance of several persons who possessed diplomas in surgery only having come before them for examination, in order to obtain a diploma in medicine, in compliance with the regulation of some of the official authorities or boards above referred to, and being found on examination so deficient in the knowledge of the practice of medicine and of its collateral branches that the College has been obliged to reject them.

For all these reasons the College would submit to the Poor Law Commissioners of Ireland the necessity of assimilating the qualifications of Medical Officers in Ireland to those now required by the Poor Law Board of England as well as for the Army, Navy, and East India Service, so as to secure for the public service in Ireland Medical Officers possessing an adequate knowledge of both medicine and surgery.

In reference to that part of the General Order affecting midwifery qualifications, the College desires to observe that "a certificate from some recognised hospital, &c." of the candidates possessing a competent knowledge of midwifery would not appear to be a sufficient guarantee of the possession of competent knowledge, nor to be in accordance with the Medical Act, inasmuch as there is no hospital legally empowered to grant such certificate, nor can such certificate be recognised or entered in the Registry under the Medical Act.

The College would therefore beg to suggest, in reference to midwifery qualifications, that the candidate should be required to produce a diploma in midwifery from some college legally authorized to grant the same.

I have the honour to be your obedient servant,

WM. EDW. SMITH, M.D., Registrar.

B. Banks, esq., Chief Clerk,
Poor Law Commissioners, Ireland, Custom House.

NO. 2.—LETTER from the COMMISSIONERS to the KING and QUEEN'S COLLEGE of PHYSICIANS of IRELAND.

Poor Law Commission Office, Dublin,
February 3, 1860.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland acknowledge the receipt of your letter of the 30th ult., calling attention to the existing regulations, relative to the qualifications required for appoint-

ments under the Poor Law and Medical Charities Acts in Ireland, and suggesting the expediency of requiring, in addition to a surgical diploma, a degree or diploma in medicine from some recognised university or college, as well as a diploma in midwifery from some college legally authorized to grant the same; and the Commissioners desire to state that the subject shall receive their consideration.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To Wm. Edwd. Steele, esq., M.D., Registrar,
King and Queen's College of Physicians of Ireland.

**No. 3.—LETTER from the KING and QUEEN'S COLLEGE of
PHYSICIANS to the COMMISSIONERS.**

King and Queen's College of Physicians in Ireland,
Dublin, March 30, 1860.

SIR,

Referring to my letter of January 30, and to your reply of February 3 (No. 2420—60), I am directed by the President and Fellows of this College to forward to you the enclosed printed copy of a report of the Council of the Royal College of Surgeons in Ireland, and to invite the attention of the Commissioners for administering the Laws for Relief of the Poor in Ireland to the letter of the Director-General of the Army Medical Department of 21st June, 1859, inserted at page 5, in which he states "that every candidate for the Army Medical Service must produce a degree in medicine or a licence to practise it, * * * as well as a diploma in Surgery;" * * * and also to his letter of 28th June, 1859, inserted at page 4, wherein he informs the Council that it was on his recommendation the Secretary of State for War "has decided that for the future every candidate for an assistant-surgeoncy in the Army must produce first a degree in medicine, or a licence to practise it; and second, a diploma in surgery, or a licence to practise it; and that the diploma or licence of no one college will be considered a full qualification, though the examination may include both medicine and surgery."

It is most satisfactory to this College to find that the views which they put forward in their communication of 30th January have thus been confirmed by so high an authority.

The late Director-General of the Army Medical Department served with the British army as Medical Officer in nearly all parts of the globe. He was the principal Medical Officer in charge of the Light Division in the Crimea. On his return he was selected to be one of the Royal Commissioners appointed to inquire into and report upon the reforms necessary to be carried out in the Medical Service, and the sanitary arrangements of the army; and he was finally appointed as Director-General of the Medical Department of the Army. He thus possessed the most extensive opportunities of forming a correct opinion as to the qualifications which are needed for a Medical Officer in the public service.

The President and Fellows submit for the consideration of the Poor Law Commissioners, that as a diploma in medicine as well as in surgery has been found requisite to be possessed by Medical Officers of the Army in order to insure competency in its officers, it would appear to be still more necessary to require the same qualifications from Medical Officers in the Civil Service whose duties must always partake more of a purely medical character than those of the Medical Officers of the army.

I have the honour to be, sir,

Your obedient servant,

WM. EDWD. STEELE, M.D., Registrar.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland acknowledge the receipt of your further letter of the 30th ult., on the subject of the qualifications to be required for the office of Medical Officer, under the Irish Poor Relief and Medical Charities Acts; and the Commissioners desire to inform you that the subject shall receive their attention.

By order of the Commissioners,

No. 5.—LETTER from the KING and QUEEN'S COLLEGE of
PHYSICIANS to the COMMISSIONERS.

King and Queen's College of Physicians, Dublin,
March 1, 1861.

Sir,

I am directed by the President and Fellows of the College to state that their attention has been called to a rule of the Poor Law Commissioners, to the effect that they will refuse to ratify any medical appointment under their Board, unless the candidate be twenty-three years of age.

The President and Fellows take the liberty of observing to the Poor Law Commissioners that, in their opinion, there can be no advantage from postponing the eligibility of a candidate for a public appointment for any period after the age of twenty-one years, at which age he is admitted to examination by the various universities and licensing corporations; that on the contrary there is, in their opinion, rather injury than advantage arising from such a rule, for neither physician nor surgeon can hope to obtain private practice to improve his professional knowledge within two years after he has passed his examinations; and if debarred from taking charge of a public institution until that interval has elapsed, he may forget much of what he has learned, but will seldom acquire more than he then possessed. No such prohibitory rule exists in the medical department of army or navy. In the present instance the gentleman whose case has suggested these observations is Dr. Thomas Gelston, an M.D. of the Queen's University, a Licentiate of the King and Queen's College of Physicians, and a Licentiate in Surgery of the Royal College of Surgeons in Ireland. He is also Physician to Barrington's Hospital, and to the Lying-in Hospital, Limerick. He has, it appeared, been lately elected to a Dispensary in that city, but the rule of the Commissioners referred to prevents the confirmation of his appointment.

I am, sir, your obedient servant,

LOMBE AYTHILL, M.D., Fellow and Registrar.

To A. Power, esq.

No. 6.—LETTER from the COMMISSIONERS to the KING and
QUEEN'S COLLEGE of PHYSICIANS.

Poor Law Commission Office, Dublin,
March 5, 1861.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had before them your letter of the 1st inst., addressed to Mr. Power, on the subject of the regulation of the Commissioners, which requires that no person shall be appointed a medical officer under the Irish Poor Relief Acts, or Medical Charities Act, who shall not have reached the age of twenty-three years; and stating the opinion of the President and Fellows of the King and Queen's College of Physicians, that there can be no advantage in post-

posing the eligibility of a candidate for a public appointment for any period after the age of twenty-one years.

In reply, the Commissioners desire to state that the regulation requiring a minimum age of twenty-three years has been many years in operation, and has, in the opinion of the Commissioners, worked beneficially.

The Commissioners do not doubt that its tendency is to supply more experienced candidates for office under the Medical Charities and Poor Relief Acts; and they do not concur with the College of Physicians in their apprehension that medical men will pass their time in idleness from the period of finishing their medical education; but, on the contrary, the Commissioners believe that the members of this most important profession will devote this period in acquiring a practical knowledge and confidence in the discharge of their duties, so necessary in the remote districts of Ireland, where no opportunity exists of obtaining the advantage of the experience of the older members of the profession.

By order of the Commissioners,

B. BANKS, Chief Clerk.

No. 7.—LETTER from the COMMISSIONERS to the PRESIDENT of the KING and QUEEN'S COLLEGE of PHYSICIANS, and to the PRESIDENT of the ROYAL COLLEGE of SURGEONS, IRELAND.

Poor Law Commission Office, Dublin,

October 17, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for the information of the Council of the King and Queen's College of Physicians, copies of two orders which they have issued, altering that part of their general regulations which relates to the qualification for the office of Medical Officer of a Workhouse or Dispensary District.

Under the new regulation the qualification required for future appointments is as follows:—

A degree or diploma in medicine,

A diploma in surgery,

A certificate in midwifery,

and that the person appointed shall have attained the age of twenty-three years.

The Commissioners have, however, reserved to themselves the power of dispensing with that part of the qualification which requires a separate medical certificate or diploma in any case in which, under special circumstances, it shall appear to them necessary to do so.

No. 8.—LETTER from the ROYAL COLLEGE of SURGEONS to the COMMISSIONERS.

Royal College of Surgeons in Ireland, Dublin,

October 28, 1862.

SIR,

In reply to your communication of the 17th inst., addressed to the President of the College, containing copies of two orders which have been issued by the Commissioners for administering the Laws for the Relief of the Poor

in Ireland, altering that part of their general regulations which relates to the qualification for the office of Medical Officer of a Workhouse or Dispensary District, I am directed to inform you, for the information of the Commissioners, that at a meeting of the Council of the College, held on Saturday last, the following resolutions were unanimously adopted.

I have the honour to be, sir, your obedient servant,

JAS. STANNUS HUGHES,

Secretary to the Council.

To B. Banks, esq., Chief Clerk,
Poor Law Commission.

RESOLUTIONS enclosed in foregoing LETTER.

At a meeting of the Royal College of Surgeons in Ireland, held on Saturday, the 25th of October—

A communication from the Poor Law Commissioners having been read, announcing that they have resolved to require candidates for appointments as Medical Officers of Workhouses and Dispensaries to produce, as qualification to fill such offices, a medical degree, licence or diploma, granted by some body duly authorised to grant the same, in addition to the letters testimonial, or licence of a College of Surgeons; it is moved and seconded that this regulation, made in ignorance of the nature of the education and examinations of this College, is equivalent to an assertion that its Fellows and Licentiates are not competent to treat all forms of disease, which is a gross infringement of the rights and privileges of the surgeons of Ireland, and a direct violation of the provisions of the Royal Charters, Acts of Parliament, and usages, of this country, which declare that they are entitled to practise in every department of the healing art, and to fill all public situations for the relief of disease.

It is also moved and seconded, that this Council will resort to every legal means at its disposal, to defeat this attempt of the Poor Law Commissioners to usurp the powers of the constituted authorities of the medical profession, and by an arbitrary act to defeat the intentions of the Crown and Legislature, confirmed by letters patent and statutes, and accepted by the country as the acknowledged law of the land.

It is likewise moved and seconded, that no notice having been given of these proceedings to this College, until the signature of the Lord Lieutenant had been obtained to confirm these rules of the Poor Law Commissioners, this Council will without delay proceed to take such steps as counsel may advise, to defeat this and every other measure now in progress to subvert this institution.

These motions having been made, and question put, were agreed to unanimously.

NO. 9.—LETTER from the COMMISSIONERS to the ROYAL COLLEGE of SURGEONS, IRELAND.

Poor Law Commission Office, Dublin,

October 30, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, acknowledge the receipt of your letter of the 28th instant, transmitting copies of resolutions adopted at a meeting of the Council of the Royal College of Surgeons, on the 25th instant, relative to the orders recently issued by the Commissioners, prescribing the qualification which is to be required in future for the office of Medical Officer of a Workhouse or Dispensary District in Ireland, in which it is alleged that those regulations are an infringement of the rights and privileges of the surgeons of Ireland, and it is intimated that such steps as counsel may advise will be taken on the matter.

In reply, the Commissioners desire to state that the revised regulations on this subject were issued after much consideration, and reference to the medical qualifications required in other branches of the public service, and they have to observe that a similar regulation to that referred to, has been in force for some time in England, the English Poor Law Board having, in December, 1859, modified their General Order regarding the qualification for the office of Medical Officer, and provided that after the 1st of March, 1860, no person should be qualified to be appointed to the office of Medical Officer under their orders, unless he should be qualified by law to practise both medicine and surgery, such qualification to be established by the production of a diploma or other instru-

ment issued by competent legal authority, testifying to the medical or surgical, or medical and surgical qualifications of the candidate.

The power of determining the qualifications to be required for the office of Medical Officer of a Workhouse, is clearly vested in the Commissioners by the 31st section of the Irish Poor Relief Act (1 & 2 Vic., c. 36), and for the office of Medical Officer of a Dispensary District, by the 6th and 8th sections of the Medical Charities Act (14 & 15 Vic., c. 68); and the Commissioners do not doubt that the fact of a double qualification being now required will operate beneficially, by tending to raise the standard of medical education, and to improve the professional position of the holders of Workhouse and Dispensary appointments in future.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To James Stannus Hughes, esq., M.D.,
Secretary to the Council, Royal College of Surgeons, Dublin.

I am also directed to state, that they grant these letters testimonial and diplomas pursuant to the powers vested in them by the charters of the College, to grant such letters testimonial, certificates, and diplomas, as they may think fit, reasonable, and just, to enable their Fellows and Licentiates to practise their profession without impediment or hindrance. No. 11.—LETTER from the COMMISSIONERS to the ROYAL COLLEGE of SURGEONS, IRELAND.

Poor Law Commission Office, Dublin,
December 11, 1862.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, acknowledge the receipt of your letter of the 6th instant, stating that the President and Council of the College of Surgeons in Ireland have granted letters testimonial and diplomas to Mr. John Henry Chapman and other Licentiates and Fellows of the College, testifying that they are qualified to practise medicine as well as surgery; and that the President and Council will, for the future, grant such letters; and, in reference thereto, the Commissioners desire to inform you that Mr. Chapman's diploma is at present under consideration.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To Jas. Stannus Hughes, esq., M.D.,

Secretary of Council, College of Surgeons, Stephen's-green.

No. 12.—LETTER from the COMMISSIONERS to the ROYAL COLLEGE of SURGEONS, IRELAND.

Poor Law Commission Office, Dublin,
December 31, 1862.

SIR,

With reference to your letter of the 6th instant, stating that letters testimonial and diplomas have been granted to Mr. John Henry Chapman and other Licentiates and Fellows of the College of Surgeons, testifying that they are qualified to practise medicine as well as surgery; and that the President and Council will for the future grant such letters testimonial and diplomas to all Fellows and Licentiates of the College; the Commissioners for administering the Laws for Relief of the Poor in Ireland, desire to acquaint you, for the information of the President and Council, that they have caused a case to be laid before the Attorney-General and Solicitor-General, in reference to the diploma granted to Mr. Chapman, and are advised by them that the College of Surgeons has not the power, and is not competent to grant a diploma or degree in medicine.

They also state, that they do not think the registration of such letters testimonial or diploma to practise medicine can be held to qualify the person registered within the meaning of the Order of the Commissioners of the 10th October last, that Order requiring the possession of a diploma to practise surgery, granted by a body competent to give it, and a degree in medicine granted by a body having power to give it; and that (if they are right in their opinion that the College of Surgeons is not authorized by its charter to give a degree in medicine), the giving of such a degree (even though it were subsequently registered) by that College, would not supply the necessary qualification.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To J. Stannus Hughes, esq., M.D.,

Secretary of Council, Royal College of Surgeons.

No. 13.—COPY of QUERIES submitted to the ATTORNEY-GENERAL and SOLICITOR-GENERAL, and their OPINIONS thereon, referred to in the foregoing LETTER.

1. Whether the Royal College of Surgeons in Ireland has power and is competent to grant letters testimonial and diplomas, testifying that the person to whom same may be granted, is qualified to practise medicine as well as surgery.

2. Whether, if the General Council of Medical Education shall register under the provisions of the Statute 21 & 22 Vic., c. 90, the letters testimonial or diploma to practise medicine so granted by the College of Surgeons, the person

so registered is to be considered in all respects, as holding the qualifications required in that behalf by the Order of the Commissioners above stated, or would it be competent, notwithstanding such registry, for the Commissioners to question the power of the College of Surgeons to grant such diploma in medicine.

OPINIONS.

1. After perusing and considering the charters of the College of Surgeons, we are of opinion, that it has not power and is not competent to grant a diploma or degree in medicine.

2. We do not think that the registration of such letters testimonial or diploma to practise medicine can be held to qualify the person registered within the meaning of the Order of the Poor Law Commissioners. That Order requires the possession of a diploma to practise surgery, granted by a body competent to give it; and a degree in medicine granted by a body having power to give it also; and, if we are right in our opinion that the College of Surgeons is not authorized by its charters to give a degree in medicine, the giving of such a degree, even though it were subsequently registered by that College, would not supply the necessary qualification.

The Governor and Court of Examiners of the Apothecaries' Hall of Dublin, present their respects to the Commissioners for administering the Laws for Relief of the Poor in Ireland, and adverting to a recent General Order of the Commissioners for regulating the qualification of Medical Officers for future appointments under the Board, whereby, in addition to a diploma in surgery, a diploma in medicine is required, the Court beg to be informed if the certificate granted by the Apothecaries' Hall, will be received among the qualifications in medicine referred to in that Order.

MEDICAL QUALIFICATION.

Poor Law Commission Office, Dublin,
November 8, 1862.

SIR,

In reply to the inquiry of the Governor and Court of Examiners of the Apothecaries' Hall of Dublin, dated the 5th inst., as to whether the certificate granted by the Apothecaries' Hall will be received among the qualifications in Medicine referred to in the recent General Order of the Commissioners, prescribing the qualifications to be required in future for the office of Medical Officer of a Workhouse or Dispensary District; the Commissioners for administering the Laws for Relief of the Poor in Ireland desire to state that they are under the impression that the licence granted by the Company of Apothecaries' is not "a degree in medicine, or a diploma or licence to practise medicine, from some college or body that may be authorized to grant a diploma or licence to practise medicine, in Great Britain or Ireland."

November 14, 1862.

Sir,

I am directed by the Governor and Court of Examiners of the Apothecaries' Hall to acknowledge the receipt of your letter of the 8th inst., in reply to the inquiry as to whether the certificate granted by the Apothecaries' Hall will be received among the qualifications in Medicine referred to in the recent General Order of the Poor Law Commissioners, in which letter the Commissioners state "that they are under the impression that the licence granted by the Company of Apothecaries is not a degree in medicine, or a diploma or licence to practise medicine, from some college or body that may be authorized to grant a diploma or licence to practise medicine, in Great Britain or Ireland."

In reply, the Governor and Court beg leave to forward to the Poor Law Commissioners a copy of the legal opinion of Lord Westbury on the case submitted to him when Attorney-General of England, together with the opinion of Mr. Napier, *q.c.*, and request, when they shall have considered these documents, they will have the goodness to inform the Governor and Court whether they will acknowledge the certificate of the Hall as such qualification as aforesaid.

November 17, 1862.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland acknowledge the receipt of your letter of the 14th inst., with the legal opinions which accompanied it, on the subject of the question, whether the certificate or licence of the Apothecaries' Company can be accepted as a qualification for the office of Medical Officer of a Workhouse or Dispensary District, under the Commissioners' General Regulations, and the Commissioners desire to state that the subject shall receive attention.

No. 18.—LETTER from the COMMISSIONERS to the KING and QUEEN'S COLLEGE of PHYSICIANS, IRELAND.

Poor Law Commission Office, Dublin,
November 18, 1862.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to acquaint you, for the information of the King and Queen's College of Physicians, that they have had some correspondence with the Apothecaries' Company, on the subject of the qualifications required by the Commis-

sioners' General Regulations for the office of Medical Officer of a Workhouse or Dispensary District, in which that Company claim to have the licence or certificate granted by the Apothecaries' Hall recognised as a qualification in medicine, under the recent order of the Commissioners.

The Commissioners will be happy to take into consideration any views upon this subject which the King and Queen's College of Physicians may wish to place before them.

The Commissioners enclose copies of legal opinions which have been forwarded to them from Apothecaries' Hall, given by Sir Richard Bethell late Attorney-General for England (now Lord Westbury), and by the Right Honourable Joseph Napier, in reference to the rights of Licentiates of the Company as duly qualified medical practitioners.

NO. 19.—LETTER FROM THE KING AND QUEEN'S COLLEGE OF
PHYSICIANS TO THE COMMISSIONERS.

King and Queen's College of Physicians,
January 7, 1863.

SIR,

I am directed by the President and Fellows of the King and Queen's College of Physicians to present, for the consideration of the Commissioners, the following observations in reference to the claim of the Apothecaries' Company of Ireland to have the "licence or certificate granted by them recognised by the Commissioners as a qualification in medicine, under the recent order of the Commissioners."

The recent order referred to (October 10th, 1862), is as follows :—“No. 1. He shall have obtained a degree in medicine, or a diploma or licence to practise medicine, from some college or other body that may be authorized to grant a diploma or licence to practise medicine, in Great Britain or Ireland; also a diploma in surgery, or a licence to practise surgery from some college or other body that may be authorized to grant a diploma or licence to practise surgery, in Great Britain or Ireland, and also a certificate from some board or court of examiners, or other body duly authorized to grant the same, of his possessing a competent knowledge of midwifery.”

The observations on the mere legal part of the question shall be as brief as possible, as the documents enclosed* enter very fully into that part of the subject.

It, however, appears to be clear from a perusal of the Apothecaries' Act herewith enclosed, that the certificate or licence which the Apothecaries' Company of Ireland are empowered to issue, is only such as specified in s. 18, 31st Geo. III., cap. 34, Irish, viz. :—“That we think him properly educated or qualified to become an apprentice or journeyman (as the case may be), to learn or transact the business of an apothecary.” And in cap. 22, “That no person shall open shop, or act in the art and mystery of an apothecary, within the kingdom of Ireland, until such person shall have been examined as to his qualification and knowledge of the business, &c.”

There is neither in these clauses nor in any part of the Act, any authority given to grant any licence or certificate in medicine; and on this point it seems requisite to observe, that in the case submitted to Sir R. Bethell, there is a misstatement calculated to mislead counsel, *vide* case herewith sent (fol. 5), where it is stated, that “Such, then was the legal and recognised position of the Irish

* Opinion of Sir R. Bethell on case submitted to him on behalf of Apothecaries' Hall of Ireland; Opinion of W. Smith on case submitted to him on behalf of King and Queen's College of Physicians.

apothecary, analogous in every respect to that of the apothecary in England, when the Medical Registration Act (21 & 22 Vic., cap. 90,) was passed, &c., &c.*

There is no analogy, as asserted, between the two; for while, as above shown, the power of the Apothecaries' Hall of Ireland is limited to giving a certificate as to the candidate's knowledge of the "business of an apothecary," the Apothecaries' Company of England, is moreover, in addition, authorized and required to "examine all person and persons applying to them, for the purpose of ascertaining the skill and abilities of such person or persons in the science and practice of medicine, and his or their fitness to practise as an apothecary."—*Apothecaries' Act of England, 1815; 55 Geo. III., cap. 194.*

The heads of the Army Medical Department, in reference to whose refusal to recognise the Apothecaries' certificate as a licence in medicine Sir R. Bethell's opinion was obtained, and who had that opinion before them, after full consideration and communication with the General Medical Council, have declined to receive the certificate of the Apothecaries' Hall of Ireland as a "Licence in Medicine," in like manner as they had previously declined to receive the diploma of the Royal College of Surgeons in Ireland as carrying a licence in medicine.

The Poor Law Board of England do not recognise the certificate of the Apothecaries' Company of Ireland, and the Privy Council of Ireland, in their rules and regulations for lunatic asylums in Ireland do not receive it as a medical qualification, but declare (*vide* Regulations herewith sent, p. 6) that "the Resident Medical Superintendent shall be duly qualified as a physician or surgeon."

Whatever ambiguity may arise in the interpretation of some clauses of the Medical Act of 1858, it seems clear from the tenor and spirit of the whole Act, that the several distinctions of physician, surgeon, and apothecary are maintained throughout, and that it never was the intention of the Legislature, that the diploma of one kind, or of any one licensing body, was to be considered equivalent to, or convertible into another.*

There is another point in view that appears more important for consideration than the mere technical interpretation of an Act of Parliament—that is, whether the constitution of the Board of Governors of Apothecaries' Hall of Ireland, from whom the examiners must be selected under the Apothecaries' Act, is such as to insure a satisfactory guarantee that the examiners are competent examiners in the science and practice of medicine.

The Apothecaries' Company, in their case laid before counsel, and in other communications, dwell much on their "curriculum" of education—that is, on the number and extent of lectures required to be attended by candidates for their licence. A curriculum, however extended, is no proof whatever of the candidates having learned anything during it, for there is no examination as to what he has learned until he goes before a court of examiners, and therefore the whole test is with them.

The Governors of the Apothecaries' Hall are not, and cannot, become governors in virtue of any acquirements in science or learning. Their whole and only qualification or mode of entrance into the Company is by purchase of a share in the business of the Hall (*vide* Apothecaries' Act).

These shares are sold in the stock market, and fluctuate like any other joint-stock shares; are bequeathed by will, given in dower, or seized by creditors, like any other property.

Originally, under the Apothecaries' Act, the shares were sixty in number, of one hundred pounds each. There are now only forty-seven shareholders in all, and of these sixteen shares at least are held by persons not apothecaries, but to whom shares have come in some of the ways described, or who were apothecaries originally but are not now, so that there are not more than thirty-one apothecaries in the Company at present. In some instances shares have been held by females. One person may hold, and does hold, several shares, and it is possible that two or three persons might buy up all the shares, or even that all the shares might be possessed by persons in no way connected with the profession.

(List of Shareholders herewith sent.)

* There are in the Medical Registration Act the following distinctions recognised:—physician; surgeon; apothecary; licentiate in midwifery—a qualification that may be obtained without any qualification in either medicine or surgery (*vide* Sch. A).

That public opinion would not have confidence in a "licence in medicine" coming from a board of examiners thus originated is sufficiently evident from the fact that there is no instance in Ireland, as far as the College is aware, of any committee or board of governors of any hospital in Ireland, whether supported by public or private funds, accepting a certificate from the Apothecaries' Hall as a qualification for any of its medical officers to take charge of the sick.

The following is an extract from the minute of the Irish Branch Council, of 25th April, 1860, on the constitution of the Board of Examiners of the Apothecaries' Hall :—

"The Branch Council for Ireland now feels itself bound to add what will, perhaps, and with justice, weigh more with the heads of a public department than any technical or legal arguments—that the constitution of the Apothecaries' Hall of Dublin is such as to render it most improbable that it can ever possess a sufficiently competent board of examiners. It is very well known that certificates of education give no guarantee whatever of a candidate's acquirements or knowledge. It is only by a competent board of examiners his knowledge can be tested. In all the universities and colleges of physicians and surgeons, the men who are appointed examiners are either university professors or lecturers, eminent in their several departments, or examiners annually chosen in like manner from among the most distinguished of the profession; and in the Queen's University of Ireland there is so much importance attached to the character of the examiners, that their names and the subjects on which they examine are set forth on the face of the diploma. But, in the Apothecaries' Hall of Dublin, the examiners can only be chosen from among the shareholders of the Apothecaries' Hall, which is a large joint-stock establishment in the city of Dublin for the sale of drugs; and the result is, that of the present court of examiners on anatomy, physiology, pathology, chemistry, practice of medicine, practice of surgery, practice of midwifery—comprising nearly all the important practical departments of medicine and surgery, there is not one examiner who is or has been lecturer on any of these subjects, nor is there one who has been connected with any medico-surgical or midwifery hospital, which could afford him that practical knowledge of medicine and surgery on which alone his competency as an examiner must depend."

These observations apply as truly and forcibly now as they did in 1860.

The Apothecaries' Company, in their several documents and cases, have dwelt much upon the fact that they do practise and have practised as medical practitioners, both before and since the passing of the Medical Act. This is admitted: surgeons may also practise medicine, physicians may practise surgery, apothecaries may practise medicine, surgery, midwifery, and pharmacy in addition; and persons without any qualification at all, and without being registered, may practise all except pharmacy, for there is no prohibitory clause in the Act, except in favour of the Irish apothecary (*vide s. 55*);* but this general freedom as to practice only shows that, with the exception mentioned, there is no prohibitory clause in the Act. It does not prove that any one of the licensing bodies may issue any other licence than that which it is empowered to do under charter or Act of Parliament.

In conclusion, the President and Fellows beg to observe that they do not desire to abridge or diminish, in any way whatever, the privileges, practice, or emoluments, of the members or licentiates of the Apothecaries' Company of Ireland. They consider the Apothecaries of Ireland as a most useful, and, in their own department, well-educated body of men.

Their education and knowledge, to a certain extent, of both medicine and surgery, and of the nature of medicines, makes them, and properly, in a great measure, the ordinary medical attendants of a vast mass of the population, particularly in cities, in all minor complaints in commencing illnesses; and when these become serious, there are then hospitals for the poor, and for others, according to their means, the more or less frequent attendance of the physician or surgeon in consultation. But when a medical officer in the public service is in charge of a district as dispensary officer, or of an hospital infirmary, or public institution,

* Section 55, Medical Act, continues in force; clause 26 of Apothecaries' Act, which enacts that any one opening shop for retail of medicine, or acting as an apothecary without certificate from Apothecaries' Company, is liable for every such offence to a fine of £20.

where he has only his own stock of knowledge to rely upon, and when the poor, or those committed to his care, have no other advice within their reach, it is the opinion of the College that such officer should be duly qualified as physician and surgeon, and that no qualification inferior to these should be recognised.

February 13, 1863.

SIR,
With reference to your letter of the 15th ult., and to previous correspondence relating to the question whether the certificate or licence of Apothecaries' Hall, can be accepted as a qualification in medicine, the Commissioners for administering the Laws for Relief of the Poor in Ireland, desire to acquaint you, that they have now received the joint opinion of the Attorney-General and Solicitor-General on the subject, which is to the effect, that the Apothecaries' Hall in Ireland has no power to grant a diploma or licence to practise medicine, and that a person holding such certificate cannot be considered to be qualified by virtue of it, within the General Order of the Commissioners, relating to the qualification of Workhouse and Dispensary Medical Officers, even though the certificate may be registered under the provisions of the 21 & 22 Vic., c. 90.

COPY, QUERIES and OPINION enclosed in the foregoing LETTER.

QUERIES.

1st. Whether the Apothecaries' Hall, Ireland, has power and is competent, either under its charter, or by usage, or any common law right, or otherwise, to grant a diploma or licence to practise Medicine?

2nd. Whether, if the General Council of Medical Education shall register, under the provisions of the Statute 21 & 22 Vic., cap. 90, the certificate granted by the Apothecaries' Hall, the person holding such certificate, and being so registered, but having no qualification, licence, or diploma from any other body or university competent to grant same, is to be considered in all respects as holding the several qualifications required in that behalf by the Poor Law Order of 10th October, 1862; or can the Commissioners legally object to confirm the appointment of such a person as a Medical Officer under the Poor Law or Medical Charities Act. And give such general advice for the guidance of Querists as you may consider necessary.

OPINION.

We think that the Apothecaries' Hall in Ireland has no power to grant a diploma or licence to practise medicine.

We are of opinion that he cannot be considered to be qualified within the Order of 10th October, 1862.

the opinion of such high legal authorities, I am respectfully to state that the Court cannot consent to abide by a decision which is entirely at variance with that arrived at by Lord Westbury upon the same question, as it was fully submitted to him in the case laid before him by Apothecaries' Hall, unless it should appear to the satisfaction of the Court, that the case laid before the Irish Attorney and Solicitor General was equally complete, and which the Court does not consider to be evidenced by the queries furnished by the Commissioners.

The Court, therefore, hopes that the Commissioners will be pleased to order a copy of the case upon which the opinion was obtained to be sent to the Court, and the Court will be happy to furnish the Commissioners with a copy of the statement which was laid before the late Attorney-General of England.

No. 25.—LETTER from the GOVERNOR and COURT of EXAMINERS of APOTHECARIES' HALL, DUBLIN, to the COMMISSIONERS.

The Apothecaries' Hall of Ireland,
Dublin, March 4, 1863.

SIR,
The Governor and Court of the Apothecaries' Hall beg to acknowledge the receipt of a copy of a case, recently submitted by the Commissioners for administering the Laws for Relief of the Poor in Ireland to the Attorney-General and Solicitor-General, relative to the right of the Apothecaries' Hall to grant licences to practise medicine, together with the joint opinion of the Attorney-General and Solicitor-General thereon; and, in reference thereto, they desire to inform the Commissioners, that after a careful consideration of that case and opinion, they are unable to acquiesce in the conclusion at which the Attorney-General and Solicitor-General have arrived in answer to the first query submitted to them,—diametrically opposed, as that opinion is, to the opinions of Lord Westbury, the present Lord Chancellor of England, and of Mr. Napier, the late Lord Chancellor of Ireland, both of whom, when at the bar, have advised that the *Company of Apothecaries in Ireland* is a body legally qualified and empowered to grant licences to practise medicine.

The Governor and Court also desire to express their objection to the form of the second query, as not containing a correct representation of the effect claimed by them for the certificate of the Apothecaries' Hall. They have never contended that "the person holding such certificate, and being so registered" (that is, registered under the 21 & 22 Vict., c. 90), "but having no qualification, licence, or diploma from any other body or university competent to grant same, is to be considered in all respects as holding the several qualifications required in that behalf by the Poor Law Order of the 10th of October, 1862," those qualifications

being, (in addition to a diploma or licence to practise medicine), a diploma in surgery and a certificate of competent knowledge of midwifery.

All that the Governor and Court have ever claimed on behalf of their certificate is, that the holder of it, when registered, should, by virtue of it, be held entitled to practise one, and only one, of the two branches of medical sciences—namely, *that of medicine*: but they have never contended that a purely medical qualification (which is all that their certificate professes to confer), could qualify the holder to practise surgery or midwifery.

They cannot, therefore, look upon the answer to the second query as having any bearing on the question, as to the right claimed for the Licentissates of the Apothecaries' Hall to be considered (in reference to the appointment of Medical Officers of Dispensary Districts) as possessing "a licence to practise medicine," within the meaning of the Order of the 10th of October, 1862.

For the foregoing reasons, the Governor and Court decline to be bound by the opinion referred to, and must continue to press upon the Commissioners their claim to have the certificate of the Apothecaries' Hall recognised as "a licence to practise medicine," within the meaning of that Order, and must cast upon the Commissioners the responsibility of refusing such recognition.

I remain, sir, your most obedient servant,
